

Your Music, Your Photos, Your Videos In an Ultra Mini and Affordable Music and Video Player

A sleek and stylish design mini media player

- ▶ 2GB* of storage for clip videos, music and photos
- ▶ A 1.8" OLED color screen
- ▶ The ability to create playlists, watch videos and view photos
- ▶ Available in 3 trendy colors: black, red and silver

The ARCHOS 105, the ultra mini music player, movie and photo viewer, gives you 2GB* of storage for carrying video, music and photos along with you. Featuring a 1.8" color screen to view your favorite videos and photos, it puts a new face on MP3 players with video playback.

Your videos

Store and play movies or clip videos. Watch your video in WMV format on the built-in 1.8" OLED color screen.

Your photos

Transfer your photos from a PC with the USB 2.0 high-speed interface - Store and view up to 20,000 photos¹ (JPEG). Enjoy your photos on the 1.8" OLED color screen. Easily organize your files with intuitive browse.

Your music

- Store and listen up to 1,000 songs¹
- Play the most popular music files such as MP3, WAV, WMA and protected WMA
- Easily organize songs with the enhanced ARCLibrary
- Customize your view by artist, album, type of music, title and create your playlist on the go.

Charge and synchronize with your PC

Charge your ARCHOS 105 via your computer's USB 2.0 port. Easily transfer your songs and playlists from your PC.
