# PRO-Gear XP-14 User's Guide Guide de l'utilisateur

### Congratulations

Congratulations on the purchase of your new PRO-Gear XP-14 USB media reader/writer. XP-14 is able to support multiple formats of flash media cards. This guide will explain the features and specifications of your new media reader, as well as the installation in a few simple steps. Please retain this guide for further reference.

Convenient features like fully Plug-and-Play make it easy to setup XP-14 with your computer.

Operating System Requirements: Windows ME, XP Windows 98SE, 2000 (driver installation required) Mac OS 9.2.x+ Mac OS X v10.1.2+

Computer Requirements: PC/Mac computer with open USB port 2.0/1.1

If you have any questions regarding with the Atech product, please contact:

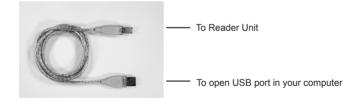

Technical Support : Toll free number (USA only) 1-866-85-ATECH (1-866-852-8324) techsupport@atechflash.com www.atechflash.com

### Package Contents

#### **PRO-Gear XP-14**

External USB 2.0 Cable x 1 - Connects XP-14 to open USB port in your computer.

### Installation

#### Windows 98SE or Windows 2000 users:

Driver installation is required. Please perform software setup first before using the PRO-Gear XP-14.

Simply plug the USB cable into the back of the XP-14 and plug the other end to any open USB port of your computer.

This is a USB 2.0 device and it is backward compatible with USB 1.1 interface. However, USB 1.1 performance can only be expected when connected to a USB 1.1. port.

When the unit is connected to a USB 1.1 port, the following Windows message may appear: "A HI-SPEED USB device is plugged into a non-HI-SPEED USB hub. For assistance in solving this problem, click this message"

Please ignore the message.

#### Install software driver

This step is required for Windows 98SE / 2000 users only. If you have Windows ME / XP, please skip this step and proceed ahead.

(1) Close all applications that are running, including applications running in the background.

- (2) Insert AFT Setup CD into CD-ROM drive and locate setup.exe file in PC setup folder.
- (3) Double click on setup.exe will lead you into setup program.
- (4) Follow setup instruction on your screen.

(5) After driver files are copied into your system, setup program will prompt you to restart your computer. Please do so.

(6) Once computer is restarted, you can proceed to next step.

#### AFT Custom Icons (for Windows XP/ME/2000/98SE)

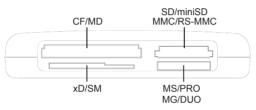

To use the AFT Custom Icons, you need to do the previous driver installation.

An example: Insert Memory Card and click on the Icon that matches your memory card.

## Using XP-14

Using XP-14 is similar to using a floppy drive. Simply insert your media card into the slot and click on the appropriate Removable Disk icon in My Computer, it will allow you to access your media card like a disk.

#### PRO-Gear XP-14

We strongly recommend that you copy the files in the media card to your computer first before attempting to view or make any changes to the files.

#### Caution !!

When removing your flash media card from reader please make sure that your file transferring process is fully completed before pulling your media card out. Failing to do so may result in card damage or data corruption.

Avoid formatting your media cards in reader if possible.

Always format your media card in the electronic device it is used in.

Certain electronic devices may become incompatible with the media cards formatted under Windows file systems.
