WHAT'S THE

BIG IDEA?

BRETFORD PROJECTION SCREENS OFFER TOP-QUALITY VIEWING IN LARGE AUDITORIUMS, SMALL CLASSROOMS, AND EVEN ON THE ROAD.

Our large Wall-mounted Projection Screens ensure that even those seated in the back of the auditorium can see the presentation clearly. In small classrooms, our medium Projection Screens accentuate the picture with **portable tri-pod** or **wall-mounted options**. And when presentations need to go somewhere besides the office, our Portable Projection Screens come with **easy-to-carry cases** to support top-notch performance on the road. Wherever you go, you can rely on Bretford to deliver your big idea.

SQUARE FORMAT: 50"-84"

PORTABLE

Ideal for  Learning and  Meeting Solutions.

Our Series 375 Tripod Projection Screens are designed to be portable and feature a heavy-duty plastic handle. These screens include a steel slat with a wire tension bar, a solid steel case, and are finished in Black powder paint. Strong, lightweight legs have an easy-to-open tab for fast and easy set-up. The height from the floor to the bottom of the screens is 31^{1/2}". And the viewing surface is Matte White with black side borders.

★ *Portable square-shaped Projection Screens are great for projecting in any classroom or office environment. The presentation travels with you wherever you go.*

Our Series 65 Manual Wall Projection Screens include an octagonal steel case with White powder paint finish and built-in mounting rings. All screens include Matte White seamless fabric and black edge stripes to create a clear picture. Screens are fire resistant and can be cleaned with mild soap and water. Unique "slow retrieve" feature allows the fabric to retract slowly up into the case, eliminating the flapping and noise created by traditional screens.

 Ideal for projecting in classrooms and meeting rooms of all shapes and sizes.

Series 65 Manual Wall Projection Screen

Series 65 screens can be mounted directly to the wall or on a map rail.

SQUARE FORMAT: 96"-144"

WALL-MOUNTED

Ideal for  Learning and  Meeting Solutions.

Our 700 Large Electric Wall Screens are designed for wall installations in larger classrooms and auditoriums. A wireless remote control switch and a wired 3-button wall switch for fingertip control allow you to raise or lower the screen to your desired height. The motor is powered from a 20' power cord that plugs into any wall outlet. Unique wall brackets trap screens on the bracket for solid support. Our screens come in Matte White fabric with black borders and include a durable, square steel case finished in White powder paint. Mounting hardware for brackets is not included. UL Listed.

★ *Big presentations need big Projection Screens. These large, all-purpose square shaped screens assure a clear picture in classrooms, auditoriums, and meeting rooms. Choose an electric screen so the fabric travels up and down at the touch of a switch.*
