---------	--------	---------------

BT Diverse 5450

Main Features

- **4 mailboxes**
There are 4 different mailboxes that can be used in the home.
- **200 Name and number directory**
Allows you to store up to 200 of your most frequently used names and numbers.
- **Choice of outgoing message**
Either choose the pre-recorded announcement or recorded your own personal outgoing message that you want your incoming callers to hear.
- **Download handset melodies and screensavers**
Personalise your handset by selecting a ring tone and screensaver from a wider choice of options.
- **Room monitor**
You can use your handset as a room monitor. If a certain noise level is reached, the handset will automatically dial the internal or external number that you set.
- **Up to 3 personalised SMS inboxes**
You can have up to 3 personal SMS mailboxes and protect the access to each using a 4 digit PIN code
- **VIP ringtones**
Allocate a unique ring tone to particular directory entries so you know when an important person is calling you.
- **Voice control operated answering machine with up to 4 users**
As well as operating the answering machine via the base station and the handset you can skip forward and backwards and delete messages via voice control, with up to 4 users.
- **Voice dialling directory with 29 entries**
You can dial up to 29 directory entries using voice activated dialling, simply speak the name of the person you wish to call.
- **Walk & Talk feature**
Keep in contact when you are 'out and about'. The Walk & Talk feature allows two handsets to communicate when they are away from the base station.
