

6-Position Monaural Jack Box

Model 1216AVPY

1. 6 listening positions with 1/4" jacks and individual volume control
 2. Rugged ABS plastic casing for durability and school safety
 3. Permanently attached 6' cord with 1/4" and 3.5mm plugs connects with media players
 4. Silver-plated contacts prevent "crackling" sound heard when connecting with other jackboxes
 5. Skid-resistant pads at each corner won't scratch surface
 6. Two predrilled holes to permanently affix to counter or wall
- Ideal for use in literacy groups, listening centers, ELD/ ELL and Special Education applications and language labs

The key to listening centers is the jackbox, the distribution point to the headphones. *Califone* gives more attention to this six-position jackbox with features such as silver-plated contact points for a solid connection and moisture resistance, individual volume controls, 1/4" and 3.5mm plugs and rugged ABS plastic housing for durability.
