**X-FI THE AUDIO OF TOMORROW**  
SONIC CARRIER™

“The demonstration of the Creative Sonic Carrier was a genuine revelation, the likes of which I haven’t experienced in ages. It excelled as both a room-filling home theatre system and as an impressive implementation of Dolby Atmos technology. Hard to believe that it was just the one box, plus subs. Can’t wait to hear the final version.”  
- Chris Chiarella, noted audio/video journalist for Sound & Vision Magazine

**A Brand New Concept in Hi-Res Audio and Video delivery hosting Dolby Atmos®, EAX 15.2, and multiple advanced technologies**
