Re: FOIA Control No. 2012-101

This responds to your Freedom of Information Act (FOIA) request seeking a copy of the records provided to Chairman Darrell Issa in response to his inquiry of January 2011 concerning FOIA, and any correspondence sent to Chairman Issa regarding his January 2011 inquiry or the FOIA in general during 2011.

We located the two letters and documents sent to Chairman Issa and enclose copies of those records.

You have been categorized as an "all others" FOIA requester, entitled to receive two free hours of search and review time, and 100 pages without charge. 47 C.F.R. §§ 0.466(a)(8); 0.470(a)(3). The search and review time for processing your request was less than two hours. You will not be charged for the de minimis amount of copying costs associated with your request. *See* 47 C.F.R. § 0.470(f).

If you consider this to be a denial of your FOIA request, you may file an application for review with the Office of General Counsel within thirty (30) days of the date of this letter. 47 C.F.R. § 0.461(j).

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Kaufman".

Shoko B. Hair
FOIA Officer
Federal Communications Commission
Room 5C406
445 12th Street, S.W.
Washington, D.C. 20554

Dear Ms. Hair:

The Freedom of Information Act ("FOIA") is one of the most important tools for government transparency and accountability. In their mission to find waste, fraud, and abuse, the oversight and investigative committees of Congress, including the Committee on Oversight and Government Reform ("Committee"), are often assisted by tips, complaints, and briefings from media organizations, watchdog groups, and concerned citizens. These private-sector actors are often the first to become aware of federal inefficiency or malfeasance. FOIA allows them to scrutinize the activities of federal agencies. Without FOIA, they could not hold the government accountable, nor could they provide crucial assistance to Congressional oversight. President Obama recognized the importance of FOIA when he made it the subject of an executive memorandum on his second day in office.¹

The Committee, as the principal oversight committee in the House of Representatives with broad oversight jurisdiction as set forth in House Rule X, is very interested in ensuring that all federal agencies respond in a timely, substantive, and non-discriminatory manner to requests for information under FOIA. To enable the Committee to understand the impact of recent changes to FOIA procedures and to evaluate agencies' compliance with FOIA, please provide the following information, records, and explanations by **February 15, 2011 at 5:00 pm.**

1. Provide your agency's FOIA log(s) for the five years preceding the date of this letter, in Microsoft Excel or a similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to

¹ The White House, Memorandum for the Heads of Executive Departments and Agencies, Jan. 21, 2009, available at http://www.whitehouse.gov/the_press_office/FreedomofInformationAct/ ("[T]he Freedom of Information Act, which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government").

Section 7 of the OPEN Government Act of 2007²; (e) the date the request was closed, if it is not still outstanding; (f) whether any records were provided in response to the request; and (g) any additional identification number or code assigned to the request by your agency for internal use.

2. On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which your agency has not yet issued a complete and final response.

3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.

4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorneys' fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.

5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.

Please note that for purposes of responding to this request, the terms "records," "communications," and "referring or relating" should be interpreted consistently with the attached Definitions of Terms.

Thank you for your prompt attention to this matter. If you have any questions regarding this request, please contact Hudson Hollister or Tegan Millspaw with the Committee staff at (202) 225-5074.

Sincerely,

Darrell Issa
Chairman

² Pub. L. No. 110-175.

Definition of Terms

1. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, interoffice and intra office communications, electronic mail (e-mail), contracts, cables, notations of any type of conversation, telephone call, meeting or other communication, bulletins, printed matter, computer printouts, teletypes, invoices, transcripts, diaries, analyses, returns, summaries, minutes, bills, accounts, estimates, projections, comparisons, messages, correspondence, press releases, circulars, financial statements, reviews, opinions, offers, studies and investigations, questionnaires and surveys, and work sheets (and all drafts, preliminary versions, alterations, modifications, revisions, changes, and amendments of any of the foregoing, as well as any attachments or appendices thereto), and graphic or oral records or representations of any kind (including without limitation, photographs, charts, graphs, microfiche, microfilm, videotape, recordings and motion pictures), and electronic, mechanical, and electric records or representations of any kind (including, without limitation, tapes, cassettes, disks, and recordings) and other written, printed, typed, or other graphic or recorded matter of any kind or nature, however produced or reproduced, and whether preserved in writing, film, tape, disk, videotape or otherwise. A record bearing any notation not a part of the original text is to be considered a separate record. A draft or non-identical copy is a separate record within the meaning of this term.
2. The term "communication" means each manner or means of disclosure or exchange of information, regardless of means utilized, whether oral, electronic, by document or otherwise, and whether face-to-face, in a meeting, by telephone, mail, telexes, discussions, releases, personal delivery, or otherwise.
3. The terms "referring or relating," with respect to any given subject, means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with or is in any manner whatsoever pertinent to that subject.

Federal Communications Commission
Washington, D.C. 20554

February 24, 2011

The Honorable Darrell E. Issa
Chairman
Committee on Oversight and Government Reform
United States House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515-6143

Dear Chairman Issa:

This letter supplements my letter dated February 15, 2011, which responded to your letter of January 25, 2011, to Shoko B. Hair, FOIA Officer, concerning processing of requests under the Freedom of Information Act ("FOIA").

We understand your Requests 4 and 5¹ to seek information regarding cases, decided within the last five years, in which a court has sustained a FOIA complaint and accordingly compelled the FCC to pay the complainant's attorney's fees. As I previously indicated, there are no such cases.

Since responding to your letter, however, I have become aware that, in May 2009, the FCC settled a FOIA action captioned *Urban Radio I, LLC v. FCC*, No. 08 CIV 5176 (RPP) (S.D.N.Y. 2009). Under the parties' negotiated settlement, the FCC agreed to pay Urban Radio \$30,000 in attorney's fees. Although the FCC voluntarily entered into the settlement, the associated Stipulation of Dismissal was entered as an order of the court. I do not understand Request 4 to address voluntary settlements, but nonetheless enclose a copy of the Stipulation of Dismissal in the *Urban Radio* case for your information.

¹ Those requests were as follows:

4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorney's fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.
5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.

Page 2 – The Honorable Darrell E. Issa
February 24, 2011

Please let me know if I can be of further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Austin C. Schlick". The signature is fluid and cursive, with the first name "Austin" and last name "Schlick" clearly distinguishable.

-----X
URBAN RADIO I, LLC,

Plaintiff,

v.

FEDERAL COMMUNICATIONS COMMISSION,

Defendant.
-----X

STIPULATION OF
DISMISSAL

08 Civ. 5176 (RPP)

WHEREAS, Urban Radio I, LLC ("Plaintiff"), the licensee of commercial radio station WBL5(FM), New York, New York, submitted to the Federal Communications Commission (the "FCC") an application for renewal of the license of WBL5(FM) (the "License Renewal Application") on January 31, 2006;

WHEREAS, the FCC's processing of the License Renewal Application was subject to internal administrative holds based on the FCC's receipt of complaints potentially alleging indecency in WBL5(FM) programming and due to possible violations of the sponsorship identification requirements of the Communications Act of 1934, see 47 U.S.C. §§ 317, 508; see also 47 C.F.R. § 73.1212;

WHEREAS, on February 6, 2008, Plaintiff submitted to the FCC two requests pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, seeking (1) "copies of any and all records concerning sponsorship identification complaints and/or proceedings regarding WBL.S" (the "Sponsorship Identification Request"), and (2) "copies of any and all records concerning indecency complaints and/or proceedings regarding WBL.S" (the "Indecency Request"), which are the subjects of the current action;

WHEREAS, the FCC searched for documents in response to the Indecency Request, and by letter dated March 21, 2008, produced six pages of material with redactions made based on 5 U.S.C. § 552(b)(2) and (6);

WHEREAS, on October 9, 2008, the FCC produced four additional pages of material with redactions made based on 5 U.S.C. § 552(b)(2) and (6) in response to the Indecency Request;

WHEREAS, the FCC searched for documents in response to the Sponsorship Identification Request, and by letter dated April 9, 2008, advised that thirteen pages of material relating to sponsorship identification referencing WBL.S(FM) had been located, and that these documents were exempt in their entirety from disclosure based on 5 U.S.C. § 552(b)(7);

WHEREAS, the FCC states that, as of the date of the parties' execution of this Stipulation of Dismissal, there are presently no restrictions, including the aforementioned administrative holds, on the FCC's completion of its review and processing of the License Renewal Application; and

WHEREAS, Plaintiff and the FCC wish to resolve all matters arising from the Sponsorship Identification Request and the Indecency Request and the FCC's responses to the Requests, including, but not limited to, all claims in the above-referenced action.

BASED ON THE FOREGOING, IT IS HEREBY STIPULATED AND AGREED, by and between the parties, as follows:

1. The FCC shall pay to Plaintiff, subject to the reinstatement provision of paragraph 3 below, the sum of \$30,000 in attorneys' fees and litigation costs, pursuant to 5 U.S.C. § 552(a)(4)(E) (the "Fee"), which sum Plaintiff agrees to accept as full payment of any attorneys' fees and costs that Plaintiff has incurred or will incur in connection with this action. The FCC shall make such payment, subject to the reinstatement provision of paragraph 3 below, between 30 days and 90 days after the entry of this Stipulation of Dismissal.
2. Plaintiff hereby dismisses with prejudice, subject to the reinstatement provision of paragraph 3 below, any and all claims it now has or may hereafter acquire against the FCC or the United States of America ("United States"), or any department, agency, officer, or employee of the FCC and/or the United States, related to or arising out of the Indecency Request or the Sponsorship Identification Request at issue in this action, or any subsequent FOIA request seeking the records sought by the Indecency Request or the Sponsorship Identification Request at issue in this action.
3. Plaintiff may reinstate this action within 30 days of the entry of this Stipulation of Dismissal, by written notice to the Court, upon 5 days' prior notice to the United States Attorney's Office for the Southern District of New York. In the event that Plaintiff reinstates the action within the time stated above, the terms of paragraphs 1 and 2 of this Stipulation of Dismissal shall be null and void, including without limitation the obligation to pay the Fee, and Plaintiff, the FCC, and the United States agree to pursue their respective rights before the Court promptly. Upon reinstatement of this action, Plaintiff may only seek disclosure of records withheld in response to the Indecency and Sponsorship Identification Requests, and Plaintiff

shall not be permitted, by amending its complaint or otherwise, to pursue any other claim or relief in this action.

4. The parties understand and agree that this Stipulation of Dismissal contains the entire agreement between them, and that no statements, representations, promises, agreements, or negotiations, oral or otherwise, between the parties or their counsel that are not included herein shall be of any force or effect.

February 15, 2011

The Honorable Darrell E. Issa
Chairman
Committee on Oversight and Government Reform
United States House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515-6143

Dear Chairman Issa:

This responds to your letter of January 25, 2011, to Shoko B. Hair, FOIA Officer, concerning processing of Freedom of Information Act ("FOIA") requests by the Federal Communications Commission ("FCC" or "Commission"). You requested five categories of information and records. Our response follows each of your requests.

- 1. Provide [the FCC's] FOIA log(s) for the five years preceding the date of this letter [January 25, 2011], in Microsoft Excel or a similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to Section 7 of the OPEN Government Act of 2007; (e) the date the request was closed, if it is still not still outstanding; (f) whether any records were provided in response to the request; and (g) any additional identification code assigned to the request by your agency for internal use.**

Attached is a CD containing the Access Database records of the FCC's FOIA logs for the five years preceding January 25, 2011. This contains all of the information requested in parts (a) – (f) of your request. Please note that while you asked for the date of the FOIA request, we do not record that information but rather under our rules (47 C.F.R. § 0.461(e)(1)) we date-stamp FOIA requests when received by the FOIA Office and record that date to calculate the due date for a response. No additional information codes are assigned by the Commission to FOIA requests, and therefore there are no entries for part (g) of the request.

- 2. On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which you agency has not yet issued a complete and final response.**

Attached please find a chart listing the eleven FOIA requests submitted before December 10, 2010 (45 days before the date of your letter) to which the FCC has not issued a complete and final response.

Three of the requests (Nos. 1, 2, and 3 on the attached chart) are related to litigation pending before the United States Supreme Court in *FCC v. AT&T*, No. 09-1279 (argued January 19, 2011), and will be processed accordance with the Court's decision once it is issued.

Processing of six requests has been affected by the need to resolve questions concerning statutory search fees. For item No. 8, the Commission granted a waiver of fees on February 14, 2011, and the time for processing this request commenced on that date. The processing of item No. 10 was tolled under 47 C.F.R. § 0.461(e)(2)(i)(B) to resolve outstanding fee issues. Those issues were resolved on February 7, 2011, when the requester agreed to pay the fees, and the request is being processed. Consistent with the FOIA, 5 U.S.C. § 552(a)(6)(A)(II), the time for processing item Nos. 4, 5, 6, and 11 is tolled under 47 C.F.R. § 0.461(e)(2)(i)(B) because of outstanding fee issues.

With respect to item No. 7 on the attached chart, the records sought were submitted with a request for confidential treatment. The processing of the request was tolled under 47 C.F.R. § 0.461(e)(2)(i)(A) with the requester's consent, while the requester and the submitter negotiated access to the records. When the parties could not reach agreement, timely processing of the request commenced under 47 C.F.R. § 0.461(g)(1). For item No. 9, extensions of the due date for responding to the FOIA request were taken and the requester has been apprised of the further time required to respond to his request.

- 3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.**

All communications between the FCC and FOIA requestors in the requests identified in response to Request No. 2 are attached.

- 4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorney's fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.**

The FCC has not been ordered by any court to pay attorney's fees or other litigation costs incurred by a FOIA requestor.

- 5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.**

No such court orders exist.

As the Commission's Chief FOIA Officer, I share your belief that the FOIA is an important tool for government transparency and accountability. In FY 2010, for example, the Commission received 593 FOIA requests and processed 598 FOIA requests. As is demonstrated by the documents provided to you, the Commission is processing these requests in a timely manner.

Please let me know if I can be of further assistance.

Sincerely,

Austin C. Schlick
General Counsel and
Chief FOIA Officer

**FOIA Requests Received by the FCC Prior to December 10, 2010
To Which There Is Not a Complete and Final Responses**

	FOIA Control #	Requester	Date Received	Brief Description	Status
1	2007-265	Jonathan Lee, Comptel	4/17/07	Requesting copies of email, memos, and other strictly internal documents pertaining to EB-04-IH-0342, and all correspondence with third parties.	Requests the same records as those sought in the matter pending before the Supreme Court in <i>FCC v. AT&T</i> .
2	2009-267	Michael Meyer	3/4/09	Requesting a list and copies of complaints, investigations, lawsuits, communications, correspondence, or administrative proceedings concerning D.B Zwirn & Co.	Raised the same issue as is currently pending before the Supreme Court in <i>FCC v. AT&T</i> .
3	2009-406	Glenn Cherry	5/29/09	Requesting copies of all responses to citation no. EB-08-IH-0692 filed by or on behalf of D.B. Zwirn and records depicting foreign ownership of D.B. Zwirn Special Opportunities Fund.	Tolled pending fee negotiations; also related to a pending application for review in FOIA Control No. 2009-021, which is in abeyance pending the Supreme Court's disposition of <i>FCC v. AT&T</i> .
4	2010-098	Kenneth Boehm, National Legal and Policy Center	11/18/09	Requesting records pertaining to the FCC website, www.openinternet.gov, including the initial design, maintenance, daily management, costs or design and expenses.	The request for a fee waiver denied. Processing has been tolled because the requester filed an application for review that is now pending.
5	2010-135	Kenneth Boehm, National Legal and Policy Center	12/14/09	Requesting records related to communications with certain current and former FCC officials, and draft Knight Report.	The request for a fee waiver denied. Processing has been tolled because the requester filed an application for review that is now pending.
6	2010-340	NW Communications of Texas, Inc.	3/24/10	Requesting all informal complaints in EB-10-IH-0188 regarding "American Dad" television program.	This request is tolled pending fee negotiations.
7	2010-492	Albert Kramer on behalf of the American Public Communications Council	7/13/10	Requester seeks records related to investigation of Qwest Communications in EB-06-IH-2959 that were submitted to the FCC with a request for confidential treatment.	The requester and the submitter of the records were in negotiations concerning access to the records, which tolled the processing of the FOIA request. The negotiations were not successful, and processing has resumed.
8	2010-579	Joseph Butts	9/22/10	Requester seeks records of interference of land mobile radio frequencies in the UHF spectrum by DTV channels 19 and 20 in 10 New Jersey counties and one Pennsylvania county.	This request had been tolled pending filing of and ruling on a fee waiver. The fee waiver was granted on February 14, 2011, and the processing of the request has resumed.

9	2010-592	Steven Thomas	9/30/10	Requester seeks records referenced in an order declining to impose a forfeiture penalty on Universal Telecommunications, Inc.	The due date for processing this request has been extended and the requester has been kept apprised of the progress of processing his request.
10	2011-083	Becky Heggelund	12/2/10	Requester seeks records concerning EB-04-IH-0454 and NAL 2000532080141 regarding OCMC, Inc.	On February 7, 2011, requester agreed to pay fees, and the request is now being processed.
11	2011-093	William Wilson, Americans for Limited Government	12/7/10	Requester seeks records concerning communications to or from nine individuals associated with Google, Inc.	Request for a fee waiver was denied. Processing has been tolled because of requester's pending application for review.

Dear Mr. Lee:

This acknowledges receipt of your Freedom of Information Act (FOIA) request filed with the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2007-265. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request on 05/15/07. If additional time is needed to respond to your request you will be notified.

If you have any questions concerning this notice, please call the FOIA Office at 202-418-0440.

Mr. Jonathan Lee
900 17th Street, N.W.
Suite 400
Washington, D.C. 20006

Dear Mr. Lee:

The above-referenced request, filed under the Freedom of Information Act ("FOIA"), was received by our FOIA Control Office on April 17, 2007. In your request, you request "[a]ll internal FCC e-mails, memoranda, and other strictly internal documents from FCC Case file no. EB-04-IH-0342 referenced in the Supplemental Declaration of Judy Lancaster filed in the United States District Court for the District of Columbia in Civil Action No. 06-1718-HHK on April 13, 2007. COMPTEL also requests all records containing correspondence with any third party, contained in FCC Case file no. EB-04-IH-0342."

We are in the process of locating the documents responsive to your request. As required, we endeavor to respond to FOIA requests within 20 working days. However, where a request involves either a large number of documents or requires coordination with other components of the agency, we occasionally require the 10 working day extension provided for in 5 U.S.C. 552(a)(6)(b)(I). Because your request requires consultation with other components of the Commission, we are extending the deadline for our response by 10 working days, *i.e.*, to May 30, 2006. *Id.*

If you have any questions regarding this matter please contact me at 202-418-7584. Thank you.

Sincerely,

Judy Lancaster

Attn: Michael J. Meyer
Associate Corporate Counsel

Dear Mr. Myers:

This acknowledges receipt of your Freedom of Information Act (FOIA) request filed with the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2009-267. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request on 04/01/09. If additional time is needed to respond to your request you will be notified.

If you have any questions concerning this notice, please call the FOIA Office at 202-418-0440.

Mr. Cherry:

This is in reference to your request, filed under the Freedom of Information Act ("FOIA"), for materials relating to Investigation File No. EB-08-IH-0692. We estimate that the cost to process your FOIA request will likely exceed \$50,000. As we explained to your lawyer, Percy Squire, for FOIA requests that seek large numbers of records (such as FOIA Request No. 2009-406), we require an advance payment to process the request. If you wish to discuss making an advance payment and/or narrowing the scope of your FOIA request, please contact me by telephone or in writing within 20 calendar days of the date of this e-mail. In the meantime, we will hold your FOIA request in abeyance. If we do not hear from you within 20 calendar days, we will assume that you no longer wish to prosecute FOIA Request No. 2009-406, and it will be dismissed without prejudice.

Sincerely,
William Knowles-Kellett, Esq.

Dera Mr Knowles-Kellett: This responds to your June 16, 2009 email to Dr. Cherry. Dr. Cherry has no objection to advance payment for the requested documents however several points in your email are contrary to the May 7, 2009 FOIA fee schedule issued by the FCC. To begin, as a requester for personal use, the agency is not permitted to charge for review or search of records. This point is somewhat academic however since the documents requested have already been identified. You propose to charge me for review and searching, contrary to federal law. It clearly is inappropriate to also charge Dr. Cherry for review and searching for the very same documents. Next under the FCC fee schedule the charge for copying is .10 per page. Please review your June 16, 2009 email and provide us with a schedule for disclosure and payment information that complies with both FOIA and the FCC's May 7, 2009 memo.

Re: Freedom of Information Act Request

Dear FOIA Officer:

The National Legal and Policy Center (the "Center") makes this request for records, regardless of format, medium, or physical characteristics, and including electronic records and information, pursuant to the Freedom of Information Act, 5 U.S.C. § 552.

Specifically, the Center seeks all records pertaining to the Federal Communication Commission website, www.openinternet.gov, with respect to the following:

- All parties, organizations, or persons involved in the initial design of the website;
- All parties, organizations, or persons involved in the continued maintenance of the website;
- All parties, organizations, or persons involved in the creation and maintenance of the website's architecture;
- All parties, organizations, or persons involved in the daily management of website content postings;
- All parties, organizations, or persons that have paid for any element of the website, including paying for any costs of design, maintenance, architecture, or daily management.

CONTROL 2010-098
2009 NOV 18 P 3:19
CONTROL STAFF

Page 1 of 6

Specifically, we are seeking information with regards to the costs and expenses involved – including the costs and expenses involved with both federal government staff and contractors.

The Center requests all documents for the period January 20, 2009 to the present.

Please search for responsive records regardless of format, medium, or physical characteristics. Where possible, please produce records electronically, in PDF or TIF format on a CD-ROM.

If it is your position that any portion of the requested records is exempt from disclosure, the National Legal and Policy Center requests that you provide it with an index of those documents, as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973). As you are aware, a *Vaughn* index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is actually exempt under FOIA.” *Founding Church of Scientology v. Bell*, 603 F.2d 945, 949 (D.C. Cir. 1979). Moreover, the *Vaughn* index must “describe each document or portion thereof withheld, and for each withholding it must discuss the consequences of supplying the sought-after information.” *King v. U.S. Dep’t of Justice*, 830 F.2d 210, 223-24 (D.C. Cir. 1987).

In the event that some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable, non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt segments and that those non-exempt segments are so dispersed throughout the documents as to make segregation impossible, please state “what portion of the document is non-exempt and how the material is dispersed throughout the document.” *Mead Data Central v. U.S. Dep’t of the Air Force*, 566 F.2d 242, 261 (D.C. Cir. 1977). Claims of non-segregability must be made with the same detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii), the National Legal and Policy Center requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government and the disclosures will likely contribute to a better understanding of relevant government procedures by the Center and the general public in a significant way. This request is made primarily and fundamentally for noncommercial purposes, pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). See, e.g., *McClellan Ecological v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

Specifically, the requested records are likely to contribute to the public’s understanding of the influence that special interest organizations have had, or attempted

to have, on the administration in formulating the administration's media and communications policy.

The National Legal and Policy Center is a non-profit corporation, organized under section 501(c)(3) of the Internal Revenue Code. The National Legal and Policy Center was founded in late 1991 to promote ethics, and to give the Code of Ethics for Government the visibility it deserves. The Center promotes ethics in public life through research, investigation, education and legal action. The release of information garnered through this request is not in the Center's financial interest. The Center will disseminate any documents it acquires from this request to the public through its public website.

The National Legal and Policy Center is a 501(c)3 nonprofit organization that has a well-established record for using information acquired through FOIA requests in promoting public understanding of government operations as well as exposing waste, fraud and abuse.

Following the filing of more than 600 FOIA requests and litigation with the Food and Drug Administration, the FOIA materials obtained by the National Legal and Policy Center were the basis for a national Associated Press story exposing the abuse of expense accounts by the FDA Commissioner. The story sparked a call from Rep. Joe Barton for an investigation and the FDA Commissioner announced his resignation within several weeks of the AP story. (see: "Keeping Washington Honest; Watchdogs Pursue the Truth," by Amy Keller and Damon Chappie, *Roll Call*, Jan. 20, 2004; "FDA Chief Denies Overcharging Accounts," *Charleston Gazette*, Nov. 2, 1996, Page 2A)

The National Legal and Policy Center exposed financial conflicts of interest involving former Air Force Deputy Assistant Secretary Darleen Druyun and the Boeing Company. The National Legal and Policy Center complaint to the Defense Department Inspector General was a front page story in *The Wall Street Journal* and the catalyst for an investigation leading to Druyun pleading guilty to federal criminal charges and going to prison. (see: "Air Force Ex-Official Had Ties to Boeing During Contract Talks," *The Wall Street Journal*, by Anne Marie Squeo, Oct. 7, 2003, Page 1)

The National Legal and Policy Center subsequently used a FOIA request to obtain a multi-billion-dollar contract between the Army and Boeing which failed to include standard protections against acquisition waste, fraud and abuse.

The Senate Armed Services Airland Subcommittee reviewed the legal analysis provided by the National Legal and Policy Center and invited NLPC Chairman Kenneth Boehm and a top Army official to testify about the agreement. On March 16, 2005, Mr. Boehm testified on the problems with the agreement which had been obtained through the National Legal and Policy Center's use of a FOIA request. Within a week the Army agreed to re-contract the arrangement in order to address the problems cited by NLPC. (see: "A Closer Look at the Future Combat Systems Agreement with Boeing: A High Risk Program with a Higher Risk Agreement," Testimony of Kenneth Boehm before the

Subcommittee on Airland of the U.S. Senate Committee on Armed Services, March 16, 2005)

The National Legal and Policy Center has always used its FOIA requests to promote ethics and accountability in government. It has always sought a fee waiver based on its longstanding practices with respect to materials obtained from FOIA requests. Without exception all such materials have been made available to the media and in numerous cases have been the basis for legal action and/or analysis made available to the public focusing on the operations of government.

The National Legal and Policy Center has an excellent working relationship with members of the Inspector General community and has a former Inspector General on its board of directors. Similarly, the National Legal and Policy Center has had good working relationships with reporters from the major media (as the accounts above involving the Associated Press and the *Wall Street Journal* indicate).

Finally – and as indicated in the episode with the Senate Armed Services Committee – the National Legal and Policy Center has used information obtained through FOIA requests to help Members of Congress conduct oversight over government operations. NLPC representatives have testified numerous times before committees of both the U.S. House and Senate on ethics and accountability issues. Some of these hearings include:

*April 9, 2004 – NLPC Chairman Kenneth Boehm testifies before U.S. House Appropriations Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary and Related Agencies on the failure of the Legal Services Corporation to enact congressionally-mandated reforms.

*February 28, 2002 – NLPC Chairman Kenneth Boehm testifies before the Subcommittee on Commercial and Administrative Law of the House Committee on the Judiciary on the Legal Services Corporation's mismanagement of taxpayer money.

In part based on a series of FOIA requests and other research, the National Legal and Policy Center exposed a major scandal involving Congressional appropriations earmarks benefiting business partners of a Congressman who sponsored the earmarks.

NLPC's case made the front page of both *The Wall Street Journal* and *The New York Times* following the filing of the FOIA requests in this case:

- “Appropriations, Local Ties and Now a Probe of a Legislator,” by John R. Wilke, *The Wall Street Journal*, April 7, 2006, page 1
- “Special Projects by Congressman Draw Complaints; Prosecutor Reviews Case,” by Jodi Rudoren, *The New York Times*, April 8, 2006, page 1

The case resulted in an ongoing FBI investigation, the empanelling of a federal grand jury, and additional coverage from *The Washington Post*, Associated Press, Reuters, ABC, CBS, NBC, CNN, Fox and a virtually every other major news organization in the country. *Wall Street Journal* reporter John R. Wilke won the National Press Foundation award for distinguished coverage of Congress in 2007, in part, for his story cited above in which the Center provided him with materials obtained through FOIA.

One of the key elements enabling NLPC to take this case to both the FBI and the media was information obtained through a series of FOIA requests.

The National Legal and Policy Center believe this case – along with the others cited – should more than adequately answer the question as to whether the requester is in a position to contribute to public understanding.

The materials requested in this case are explicitly needed in furtherance of our accountability efforts and serve no commercial purpose. They will be available to the media and general public in the same manner as NLPC has done with many thousands of documents obtained through FOIA requests from many government departments and agencies in more than ten years as a leading watchdog organization.

Under these circumstances, the National Legal and Policy Center fully satisfies the criteria for a fee waiver.

Request for Expedition

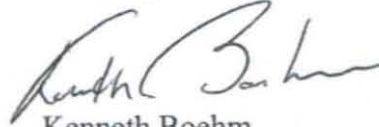

Pursuant to 5 U.S.C. § 552(a)(6)(E)(I), the National Legal and Policy Center requests that the Federal Communications Commission expedite the processing of this request in light of the urgency to inform the public about the possible influences to which the Administration may have been, and be, subject in formulating media and communications policy. *The Hill* reported on September 29, 2009, that Rep. Rick Boucher, chair of the House Subcommittee on Communications, Technology and the Internet, is preparing so-called “net neutrality” legislation while the Federal Communications Commission prepares a “national broadband plan.” Kim Hart, *Rep. Boucher praises FCC, begins work on net neutrality bill, The Hill*, Sept. 29, 2009. The public should be afforded an opportunity to weigh in with their members of Congress and to speak out publicly on this important legislation before it becomes law. It is the Center’s hope that by disseminating the information sought in this FOIA request, the public will be better informed and have a more effective voice.

The undersigned hereby certifies that the foregoing is true and correct to the best of my knowledge and belief.

If you have any questions about this request, or foresee any problems in releasing fully the requested records on an expedited basis, please contact me at (703) 237-1970.

Please send the requested documents to Kenneth F. Boehm, Chairman, National Legal and Policy Center, 107 Park Washington Court, Falls Church, VA 22046.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenneth Boehm". The signature is fluid and cursive, with the first name "Kenneth" and last name "Boehm" clearly distinguishable.

Dear Mr. Boehm:

This acknowledges receipt of your Freedom of Information Act (FOIA) request filed with the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2010-098. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request by or on December 17, 2009. If additional time is needed to respond to your requests you will be notified.

If you have any questions concerning this notice, please call the FOIA Office at (202) 418-0440.

Sincerely,

A handwritten signature in black ink, appearing to read "Shoko B. Hair".

Re: FOIA Control No. 2010-098

Dear Mr. Boehm:

Your above-numbered Freedom of Information Act (FOIA) request on behalf of the National Legal and Policy Center (NLPC) received November 17, 2009, included a request for expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E)(I). Your request for expedited processing is denied.

The expedited processing provisions of the FOIA have been implemented by the Commission in section 0.461(h) of its rules, 47 C.F.R. § 0.461(h), which provides that requests for expedited processing "shall be granted to a requester demonstrating a compelling need that is certified by the requester to be true and correct to the best of his or her knowledge and belief." It further provides that the term "compelling need" means (1) "[t]hat failure to obtain requested records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual" or (2) "[w]ith respect to a request made by a person primarily engaged in disseminating information, there is an urgency to inform the public concerning actual or alleged Federal Government activity." Your request fails to meet these standards for several reasons.

NLPC's request for expedited treatment asserted the need for expedition "in light of the urgency to inform the public about possible influences to which the Administration may have been, and be, subject in formulating media and communications policy." FOIA Request at 5. NLPC notes congressional interest in "so-called 'net neutrality' legislation while the Federal Communications Commission prepares a 'national broadband plan'." *Id.* NLPC therefore seeks expedited processing for its request for all records pertaining to the Federal Communication Commission website, www.openinternet.gov, with respect to the following:

- All parties, organizations, or persons involved in the initial design of the website;
- All parties, organizations, or persons involved in the continued maintenance of the website;
- All parties, organizations, or persons involved in the creation and maintenance of the website's architecture;
- All parties, organizations, or persons involved in the daily management of website content postings;
- All parties, organizations, or persons that have paid for any element of the website, including paying for any costs of design, maintenance, architecture, or daily management.

Specifically, you sought information "with regards to the costs and expenses involved – including the costs and expenses involved with both federal government staff and contractors." FOIA Request at 2.

Your stated reasons for expedited processing of this FOIA request do not describe "an urgency to inform the public concerning actual or alleged Government activity." 47 C.F.R. § 0.461(h)(2). While there may indeed be substantial public interest in the net neutrality issue, interest in "an umbrella issue does not satisfy the requirement that [you] demonstrate interest in the specific subject of [your] FOIA

Mr. Kenneth Boehm
November 20, 2009

request.” See *EPIC v. Dep’t of Defense*, 355 F.Supp. 2d 98, 102 (D.D.C. 2004). Your request for expedited processing fails to explain how there is a substantial interest in the emails that are the particular subject of your FOIA request or an urgent need for their release. *Id.* For these reasons, we deny your request for expedited processing.

You may seek review of this decision by filing an application for review with the Office of General Counsel within five (5) working days of the date of this letter. See 47 C.F.R. § 0.461(h)(4)(ii).

Sincerely,

A handwritten signature in cursive script, appearing to read "Mindy J. Ginsburg". The signature is written in dark ink and is positioned above the printed name and title.

FOIA Control No.: 2010-098

Dear Mr. Boehm:

A response to your Freedom of Information Act (FOIA) request dated November 13, 2009, for copies of "all records pertaining to the Federal Communications Commission website, www.openinternet.gov" is due December 17, 2009. However, because of the need to consult with several offices within the Commission, we are extending the time for responding to your FOIA request by 10 business days, so that a response is now due January 4, 2010. See 47 CFR 0.461(g)(3). We appreciate your patience and understanding in this matter.

Sincerely,

A handwritten signature in black ink that reads "Shoko B. Hair". The signature is fluid and cursive, with a large loop at the beginning.

CONTROL STAFF

Re: Freedom of Information Act Request

Dear FOIA Officer:

The National Legal and Policy Center (the "Center") makes this request for records, regardless of format, medium, or physical characteristics, and including electronic records and information, pursuant to the Freedom of Information Act, 5 U.S.C. § 552.

This Request references documents provided to the Center by two letters dated November 13, 2009, via FOIA Control No. 2010-29 and 2010-033.

Specifically, National Legal and Policy Center seeks the following:

- (1) Any records, including handwritten notes, related to a meeting between Colin Crowell and Ben Scott on August 28, 2009.
- (2) Any records, including handwritten notes, related to a meeting involving Julius Genachowski, Colin Crowell, and representatives of Democracy Alliance, held on October 9, 2009.
- (3) A copy of the invitation from Democracy Alliance referenced in e-mail correspondence from Ben Scott to Colin Crowell, sent on August 28, 2009, at 1:29 pm.
- (4) A copy of the "draft Knight report" referenced in e-mail correspondence from Ben Scott to Colin Crowell, sent on August 28, 2009, at 5:49 pm.

Page 1 of 6

(5) A copy of Julius Genachowski's schedule from July 1, 2009 to the present date.

(6) Any records or notes related to the "last meeting with the Net Neutrality team" referenced in e-mail from Ben Scott to Paul deSa, with Bruce Gottlieb, Colin Crowell, and Zachary Katz receiving courtesy copies, sent on September 22, 2009, at 5:10 pm.

(7) Any records or notes related to the presence of Ben Scott in the Federal Communications Commission building on September 25, 2009, as referenced in an e-mail from Ben Scott to Jen Howard, sent September 25, 2009, at 11:40 am.

(8) Copies of any correspondence by and between Ben Scott (on the one hand) and Bruce Gottlieb and/or Paul deSa (on the other), from July 1, 2009 to the present date.

(9) Copies of any correspondence by and between Markham Erickson (on the one hand) and Julius Genachowski, Colin Crowell, Jen Howard, Paul deSa, Bruce Gottlieb, Emmett O'Keefe, and/or Austin Schlick (on the other), from January 20, 2009 to the present date.

(10) Any records related to one or more meetings held on September 24 or September 25, 2009, involving Ben Scott, Paul deSa, Bruce Gottlieb, Colin Crowell, Zachary Katz, David Reed, and/or Vint Cerf, as referenced in an email from Ben Scott to Paul deSa, sent September 22, 2009, at 5:10 pm.

Please search for responsive records regardless of format, medium, or physical characteristics. Where possible, please produce records electronically, in PDF or TIF format on a CD-ROM. The Center seek records of any and all kind, including electronic records, videotapes, photographs, and computer print-outs. The Center's request includes any telephone messages, voice mail messages, and daily agenda and calendars and information about scheduled meetings.

Please send responsive documents as they become available. It is not necessary to aggregate all requested documents in a single response.

If it is your position that any portion of the requested records is exempt from disclosure, the National Legal and Policy Center requests that you provide it with an index of those documents, as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973). As you are aware, a *Vaughn* index must describe each document claimed as exempt with sufficient specificity "to permit a reasoned judgment as to whether the material is actually exempt under FOIA." *Founding Church of Scientology v. Bell*, 603 F.2d 945, 949 (D.C. Cir. 1979). Moreover, the *Vaughn* index must "describe each document or portion thereof withheld, and for each withholding it must discuss the consequences of supplying the sought-after information." *King v. U.S. Dep't of Justice*, 830 F.2d 210, 223-24 (D.C. Cir. 1987).

In the event that some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable, non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt segments and that those non-exempt segments are so dispersed throughout the documents as to make segregation impossible, please state "what portion of the document is non-exempt and how the material is dispersed throughout the document." *Mead Data Central v. U.S. Dep't of the Air Force*, 566 F.2d 242, 261 (D.C. Cir. 1977). Claims of non-segregability must be made with the same detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii), the National Legal and Policy Center requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government and the disclosures will likely contribute to a better understanding of relevant government procedures by the Center and the general public in a significant way. This request is made primarily and fundamentally for noncommercial purposes, pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). See, e.g., *McClellan Ecological v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

Specifically, the requested records are likely to contribute to the public's understanding of the influence that special interest organizations have had, or attempted to have, on the administration in formulating the administration's media and communications policy.

The National Legal and Policy Center is a non-profit corporation, organized under section 501(c)(3) of the Internal Revenue Code. The National Legal and Policy Center was founded in late 1991 to promote ethics, and to give the Code of Ethics for Government the visibility it deserves. The Center promotes ethics in public life through research, investigation, education and legal action. The release of information garnered through this request is not in the Center's financial interest. The Center will disseminate any documents it acquires from this request to the public through its public website.

The National Legal and Policy Center is a 501(c)3 nonprofit organization that has a well-established record for using information acquired through FOIA requests in promoting public understanding of government operations as well as exposing waste, fraud and abuse.

Following the filing of more than 600 FOIA requests and litigation with the Food and Drug Administration, the FOIA materials obtained by the National Legal and Policy Center were the basis for a national Associated Press story exposing the abuse of expense accounts by the FDA Commissioner. The story sparked a call from Rep. Joe Barton for an investigation and the FDA Commissioner announced his resignation within several

weeks of the AP story. (see: "Keeping Washington Honest; Watchdogs Pursue the Truth," by Amy Keller and Damon Chappie, *Roll Call*, Jan. 20, 2004; "FDA Chief Denies Overcharging Accounts," *Charleston Gazette*, Nov. 2, 1996, Page 2A)

The National Legal and Policy Center exposed financial conflicts of interest involving former Air Force Deputy Assistant Secretary Darleen Druyun and the Boeing Company. The National Legal and Policy Center complaint to the Defense Department Inspector General was a front page story in *The Wall Street Journal* and the catalyst for an investigation leading to Druyun pleading guilty to federal criminal charges and going to prison. (see: "Air Force Ex-Official Had Ties to Boeing During Contract Talks," *The Wall Street Journal*, by Anne Marie Squeo, Oct. 7, 2003, Page 1)

The National Legal and Policy Center subsequently used a FOIA request to obtain a multi-billion-dollar contract between the Army and Boeing which failed to include standard protections against acquisition waste, fraud and abuse.

The Senate Armed Services Airland Subcommittee reviewed the legal analysis provided by the National Legal and Policy Center and invited NLPC Chairman Kenneth Boehm and a top Army official to testify about the agreement. On March 16, 2005, Mr. Boehm testified on the problems with the agreement which had been obtained through the National Legal and Policy Center's use of a FOIA request. Within a week the Army agreed to re-contract the arrangement in order to address the problems cited by NLPC. (see: "A Closer Look at the Future Combat Systems Agreement with Boeing: A High Risk Program with a Higher Risk Agreement," Testimony of Kenneth Boehm before the Subcommittee on Airland of the U.S. Senate Committee on Armed Services, March 16, 2005)

The National Legal and Policy Center has always used its FOIA requests to promote ethics and accountability in government. It has always sought a fee waiver based on its longstanding practices with respect to materials obtained from FOIA requests. Without exception all such materials have been made available to the media and in numerous cases have been the basis for legal action and/or analysis made available to the public focusing on the operations of government.

The National Legal and Policy Center has an excellent working relationship with members of the Inspector General community and has a former Inspector General on its board of directors. Similarly, the National Legal and Policy Center has had good working relationships with reporters from the major media (as the accounts above involving the Associated Press and the *Wall Street Journal* indicate).

Finally – and as indicated in the episode with the Senate Armed Services Committee – the National Legal and Policy Center has used information obtained through FOIA requests to help Members of Congress conduct oversight over government operations. NLPC representatives have testified numerous times before committees of both the U.S. House and Senate on ethics and accountability issues. Some of these hearings include:

*April 9, 2004 – NLPC Chairman Kenneth Boehm testifies before U.S. House Appropriations Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary and Related Agencies on the failure of the Legal Services Corporation to enact congressionally-mandated reforms.

*February 28, 2002 – NLPC Chairman Kenneth Boehm testifies before the Subcommittee on Commercial and Administrative Law of the House Committee on the Judiciary on the Legal Services Corporation's mismanagement of taxpayer money.

In part based on a series of FOIA requests and other research, the National Legal and Policy Center exposed a major scandal involving Congressional appropriations earmarks benefiting business partners of a Congressman who sponsored the earmarks.

NLPC's case made the front page of both *The Wall Street Journal* and *The New York Times* following the filing of the FOIA requests in this case:

- "Appropriations, Local Ties and Now a Probe of a Legislator," by John R. Wilke, *The Wall Street Journal*, April 7, 2006, page 1
- "Special Projects by Congressman Draw Complaints; Prosecutor Reviews Case," by Jodi Rudoren, *The New York Times*, April 8, 2006, page 1

The case resulted in an ongoing FBI investigation, the empanelling of a federal grand jury, and additional coverage from *The Washington Post*, Associated Press, Reuters, ABC, CBS, NBC, CNN, Fox and a virtually every other major news organization in the country. *Wall Street Journal* reporter John R. Wilke won the National Press Foundation award for distinguished coverage of Congress in 2007, in part, for his story cited above in which the Center provided him with materials obtained through FOIA.

One of the key elements enabling NLPC to take this case to both the FBI and the media was information obtained through a series of FOIA requests.

The National Legal and Policy Center believe this case – along with the others cited – should more than adequately answer the question as to whether the requester is in a position to contribute to public understanding.

The materials requested in this case are explicitly needed in furtherance of our accountability efforts and serve no commercial purpose. They will be available to the media and general public in the same manner as NLPC has done with many thousands of documents obtained through FOIA requests from many government departments and agencies in more than ten years as a leading watchdog organization.

Under these circumstances, the National Legal and Policy Center fully satisfies the criteria for a fee waiver.

Request for Expedition

Pursuant to 5 U.S.C. § 552(a)(6)(E)(I), the National Legal and Policy Center requests that the Federal Communications Commission expedite the processing of this request in light of the urgency to inform the public about the possible influences to which the Administration may have been, and be, subject in formulating media and communications policy. *The Hill* reported on September 29, 2009, that Rep. Rick Boucher, chair of the House Subcommittee on Communications, Technology and the Internet, is preparing so-called "net neutrality" legislation while the Federal Communications Commission prepares a "national broadband plan." Kim Hart, *Rep. Boucher praises FCC, begins work on net neutrality bill, The Hill*, Sept. 29, 2009. The public should be afforded an opportunity to weigh in with their members of Congress and to speak out publicly on this important legislation before it becomes law. It is the Center's hope that by disseminating the information sought in this FOIA request, the public will be better informed and have a more effective voice.

The undersigned hereby certifies that the foregoing is true and correct to the best of my knowledge and belief.

If you have any questions about this request, or foresee any problems in releasing fully the requested records on an expedited basis, please contact me at (703) 237-1970. Please send the requested documents to Kenneth F. Boehm, Chairman, National Legal and Policy Center, 107 Park Washington Court, Falls Church, VA 22046.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenneth F. Boehm". The signature is fluid and cursive, with the first name "Kenneth" and last name "Boehm" clearly legible.

Dear Mr. Boehm:

This acknowledges receipt of your Freedom of Information Act (FOIA) request filed with the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2010-135. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request by or on January 13, 2010. If additional time is needed to respond to your request you will be notified.

We note your request for expedited processing.

If you have any questions concerning this notice, please call the FOIA Office at (202) 418-0440.

Sincerely,

A handwritten signature in black ink, appearing to read "Shoko B. Hair".

December 22, 2009

Mr. Kenneth Boehm
National Legal and Policy Center
107 Park Washington Court
Falls Church, VA 22046

Re: FOIA Control No. 2010-135

Dear Mr. Boehm:

Your above-numbered Freedom of Information Act (FOIA) request (FOIA Request) on behalf of the National Legal and Policy Center (NLPC) received December 14, 2009, included a request for expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E)(i)(I). Your request for expedited processing is denied.

The expedited processing provisions of the FOIA have been implemented by the Commission in section 0.461(h) of its rules, 47 C.F.R. § 0.461(h), which provides that requests for expedited processing "shall be granted to a requester demonstrating a compelling need that is certified by the requester to be true and correct to the best of his or her knowledge and belief." It further provides that the term "compelling need" means (1) "[t]hat failure to obtain requested records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual" or (2) "[w]ith respect to a request made by a person primarily engaged in disseminating information, there is an urgency to inform the public concerning actual or alleged Federal Government activity." Your request fails to meet these standards for several reasons.

NLPC's request for expedited treatment asserted the need for expedition "in light of the urgency to inform the public about possible influences to which the Administration may have been, and be, subject in formulating media and communications policy." FOIA Request at 5. NLPC notes congressional interest in "so-called 'net neutrality' legislation while the Federal Communications Commission prepares a 'national broadband plan'." *Id.* NLPC therefore seeks expedited processing for its request for (1) records of a meeting between Ben Scott and Colin Crowell on August 28, 2009; (2) records of a meeting between FCC Chairman Julius Genachowski, Colin Crowell, and the Democracy Alliance on October 9, 2009; (3) an invitation from Ben Scott to Colin Crowell dated August 28, 2009; (4) the "draft Knight Report;" (5) the schedule of FCC Chairman Genachowski from July 1, 2009 to the present; (6) records of the "last meeting with the Net Neutrality Team" referenced in an email from Ben Scott to Paul deSa; (7) records of the presence of Ben Scott in the FCC headquarters building on September 25, 2009; (9) communications between Markhem Erickson and seven named persons; and (10) records of a meeting on September 24 or 25 involving seven named people (FOIA Request at 1-2) to allow the public "an opportunity to weigh in with their members of Congress and to speak out publicly on this important legislation before it becomes law," and for the public "to be better informed and to have a more effective voice." FOIA Request at 6.

Your stated reasons for expedited processing of this FOIA request do not describe "an urgency to inform the public concerning actual or alleged Government activity." 47 C.F.R. § 0.461(h)(2). While there may indeed be substantial public interest in the net neutrality issue, interest in "an umbrella issue does not satisfy the requirement that [you] demonstrate interest in the specific subject[s] of [your] FOIA

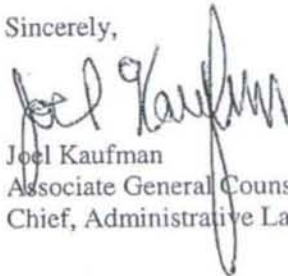

Mr. Kenneth Boehm
December 22, 2009

request." See *EPIC v. Dep't of Defense*, 355 F.Supp.2d 98, 102 (D.D.C. 2004). Your request for expedited processing fails to explain how there is a substantial interest in the diverse and varied records that are the particular subject of your FOIA request or an urgent need for their release. *Id.* For these reasons, we deny your request for expedited processing.

We anticipate that you will receive a timely response to your FOIA request.

You may seek review of this decision by filing an application for review with the Office of General Counsel within five (5) working days of the date of this letter. See 47 C.F.R. § 0.461(h)(4)(ii).

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Kaufman". The signature is written in a cursive style with a large, looping flourish at the end.

Joel Kaufman
Associate General Counsel and
Chief, Administrative Law Division

cc: FOIA Officer

FOIA CONTROL NOS.
2010-098 AND 2010-135

Federal Communications Commission
Washington, D.C. 20554

January 5, 2010

Mr. Kenneth Boehm
National Legal and Policy Center
107 Park Washington Court
Falls Church, VA 22046

Re: FOIA Control Nos. 2010-098 and 2010-135

Dear Mr. Boehm:

Your above-numbered Freedom of Information Act (FOIA) requests (FOIA Requests) on behalf of the National Legal and Policy Center (NLPC) both contained fee waiver requests pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). FOIA Control No. 2010-098 seeks records concerning the website, <www.openinternet.gov>, and FOIA Control No. 2010-135 seeks (1) records of a meeting between Ben Scott and Colin Crowell on August 28, 2009; (2) records of a meeting between FCC Chairman Julius Genachowski, Colin Crowell, and the Democracy Alliance on October 9, 2009; (3) an invitation from Ben Scott to Colin Crowell dated August 28, 2009; (4) the "draft Knight Report;" (5) the schedule of FCC Chairman Genachowski from July 1, 2009 to the present; (6) records of the "last meeting with the Net Neutrality Team" referenced in an email from Ben Scott to Paul de Sa; (7) records of the presence of Ben Scott in the FCC headquarters building on September 25, 2009; (9) communications between Markham Erickson and seven named persons; and (10) records of a meeting on September 24 or 25 involving seven named people. By this letter, we deny your requests for fee waivers. We also determine that the NLPC should be categorized as an "all others" FOIA requester for FOIA fee purposes, and provide an estimate of the fees that will accrue for processing your two FOIA requests.

I. Fee Waivers

To obtain a FOIA fee waiver, our rules provide that the requester "include, in his or her original FOIA request, a statement explaining with specificity the reasons demonstrating that he or she qualifies for a . . . fee waiver." 47 C.F.R. § 0.470(c). See 47 C.F.R. § 0.470(e)(2) (setting forth criteria for fee waivers);¹ *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1286 (9th Cir. 1987) (*MESS*); *Robert J. Robbins, Call Communications Group, Inc.*, 21 FCC Red 6685 (2006).

In support of your requests for fee waivers, you state (at page 3 of each request), "the requested records are likely to contribute to the public's understanding of the influence that special interest organizations have had, or attempted to have, on the administration in formulating the administration's media and communications policy." You continue (at page 5 of both requests), "The materials requested in this case are explicitly needed in furtherance of our accountability efforts and service no commercial purpose." The remainders of your fee waiver requests explain activities of the NLPC.

¹ Section 0.470(e)(2) provides that "The criteria used to determine whether disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government include: (i) Whether the subject of the requested records concerns the operations or activities of the government; (ii) Whether the disclosure is likely to contribute to an understanding of government operations or activities; and (iii) Whether disclosure of the requested information will contribute to public understanding as opposed to the individual understanding of the requester or a narrow segment of interested persons."

Mr. Kenneth Boehm
January 5, 2010

We do not believe that disclosure of the records sought in your two FOIA requests is "likely to contribute" to an understanding of specific government operations or activities because the specific records you seek are not meaningfully informative in relation to the asserted subject matter of the requests. 47 C.F.R. § 0.470(e)(2)(ii). You indicate the subject matter of both your FOIA requests is influence that special interest organizations have on the administration in formulating the administration's media and communications policy. In FOIA Control No. 2010-098, you do not explain how your request for records concerning the establishment of the website <www.openinternet.gov> will be informative concerning the focus of your request. The website is "a place to join the discussion about the important issues facing the future of the Internet. Through this site you can stay connected to all Federal Communication Commission activities on the issue, and share your thoughts and ideas on open Internet." <www.openinternet.gov/about-open-internet.html>. The site is linked from and to the FCC's website, and is designed "to best facilitate input and participation in the commission proceedings as this discussion evolves. This conversation will be fair, open, and deliberate; and we want to ensure that the opportunity to participate is open to everyone." *Id.* We are unable to discern how records concerning the creation and funding of this site will shed any light on the stated subject matter of the FOIA request.

Your request in FOIA Control No. 2010-135 seeks records of various meetings and also the Chairman's schedule. For the records sought in FOIA Control No. 2010-135, you have not indicated how these records would "reveal additional or different information" than that already provided to you in previous FOIA requests (FOIA Control Nos. 2010-029 and 2010-033) you filed with the FCC. *See Stewart v. U.S. Dep't of the Interior*, 554 F.3d 1236, 1244 (10th Cir. 2009). We are therefore unable to conclude that disclosure of the records sought would contribute "significantly" to public understanding of government operations or activities. 5 U.S.C. § 552(a)(4)(A)(ii).

Finally, we are also unable to conclude based on your requests that you actually plan to disseminate the information sought. 47 C.F.R. § 0.470(e)(2)(iii); *MESS*, 835 F.2d at 1286 (fee waiver rejected where requester did not give indication of intent to actually disseminate materials); *Brown v. U.S. Patent & Trademark Office*, 226 F. App'x 866, 869 (11th Cir. 2007). You describe in detail your organization's activities, but nothing in your requests or apparent on your website indicates that you have or are planning to disseminate information concerning media and communications policy.

For all these reasons, we conclude that you have not met the public interest standard of the FOIA fee waiver statute, and your requests for fee waivers are denied.

II. Fee Classification

To process FOIA requests, we are required to charge fees for search, review, and copying of records disclosed. FOIA requesters are categorized as commercial requesters, educational and non-commercial scientific requesters and requesters who are representatives of the news media, and "all others" requesters. 47 C.F.R. § 0.470(a)(1)-(3). We conclude that the NLPC falls in the "all others" category for FOIA fee purposes. We do not believe NLPC is requesting these records for commercial use, and therefore the category found at 47 C.F.R. §§ 0.466(a)(4) and 0.470(a)(1) is inapplicable. We do not believe NLPC is an educational or non-commercial scientific organization under sections 0.466(a)(5), 0.466(a)(6), and 0.470(a)(2). Finally, NLPC has not sought treatment as a representative of the news media as that term is defined in section 0.466(a)(7). Because NLPC is not a commercial requester, an educational institution, a non-scientific requester, nor a representative of the news media, it is considered an "all others" requester for FOIA fee purposes. 47 C.F.R. § 0.466(a)(8).

Mr. Kenneth Boehm
January 5, 2010

III. Fee Estimates

Neither of your FOIA requests stated the amounts you are willing to pay to process your requests. We estimate that the fees for processing FOIA 2010-098 and FOIA 2010-135 exceed \$25, and therefore pursuant to 47 C.F.R. § 0.467(e)(1) we are notifying you of the following estimates of fees for processing the requests, and offering you the opportunity to confer with us to revise or clarify your request.

A. FOIA Control No. 2010-098

For this FOIA request for records concerning the website <www.openinternet.gov>, we estimate approximately 12 hours of search and review time by FCC employees and contractors are required to locate any responsive records. As an "all others" requester the first two hours are free of charge. We estimate that for 10 hours of search and review time, the cost will be \$1263.48.² In addition, there may be additional charges for reproducing any records released to you, at \$0.10 per page (after the first 100 pages).

B. FOIA Control No. 2010-135

For this FOIA request, we will need to request that approximately 10 FCC employees search for various records described in footnote 1. We estimate 1/2 hour per person for these searches, resulting in 5 hours search time by GS-15 employees at \$78.74 per hour, totally \$393.70. The schedule of the records of the Chairman will take approximately 2 hours to access and to redact personal information by a GS-13 employee at \$56.65 per hour, totaling \$113.30. In addition, to obtain records of the presence of Ben Scott at FCC headquarters on a named date, the Commission's visitor log (paper) records will have to be searched. We estimate the search for these records will take 1/4 hour by a GS-13 employee at \$56.65 per hour, totaling \$14.16. As an "all others" requester the first two hours are free of charge. Therefore, we estimate the total cost for this part of your FOIA request will be \$377.70.³ In addition, there may be additional charges for reproducing any records released to you, at \$0.10 per page (after the first 100 pages).

* * *

In conclusion, your requests for fee waivers in FOIA Control Nos. 2010-098 and 2010-135 are denied. You have been categorized as an "all others" requester for fee purposes. For FOIA Control No. 2010-098 we estimate the costs for processing the request will be \$1263.48. For FOIA Control No. 2010-135 we estimate the costs for processing the request will be \$377.70. Please let us know by January 15, 2010 if you are willing to pay these costs for processing the two requests. Otherwise, you may contact

² We calculate this amount as follows:	2 hours by a GS-11 at \$39.74 per hour =	\$79.48
	2 hours by a GS-13 at \$56.65 per hour =	\$113.30
	2 hours by a GS-7 at \$26.86 per hour =	\$53.70
	2 hours by a GS-15 at \$78.74 per hour =	\$157.48
	4 hours by a contractor at \$130.00 per hour =	<u>\$520.00</u>
	Total search cost	\$1444.32
	Less 2 hours average cost at \$90.27 per hour =	<u>\$180.54</u>
	TOTAL ESTIMATE	\$1263.78

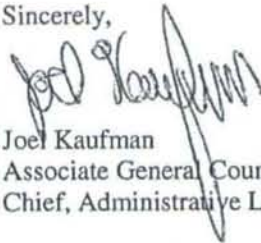

³ We calculate this amount as follows: \$393.70 plus \$113.30 plus \$14.16 less \$143.46 (two hours at an average cost per hour of \$71.88) = \$377.70.

Mr. Kenneth Boehm
January 5, 2010

Laurence Schecker at 202.418.1717 to discuss the scope of the request. If we do not hear from you by January 15, 2010 we will close both of these FOIA requests.

You may see review of this decision by filing an application for review with the Office of General Counsel within thirty (30) days of the date of this letter. *See* 47 C.F.R. § 0.461(j) and 0.470(g).

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Kaufman", written over the typed name and title.

Re: Application For Review

Dear Office of General Counsel,

By this letter, the National Legal and Policy Center does hereby seek review of the decisions set forth in the Federal Communications Commission's letter of January 5, 2010, from Joel Kaufman to Kenneth Boehm, a copy of which is attached. The denial of our requests for fee waivers is plainly contrary to the regulations and standards cited in Mr. Kaufman's letter.

FOIA Control No. 2010-135

In our FOIA Request of December 8, 2009, which was designated FOIA Control No. 2010-135, we requested records and information that we determined existed only after reviewing your responses in FOIA Control No. 2010-029 and 2010-033. For example, email correspondence provided in your FOIA Control No. 2010-033 response indicated a meeting occurred between Ben Scott and Colin Crowell on August 28, 2009. Thus, we subsequently requested records pertaining to this meeting. (In our view, the "draft Knight Report" *should have been included* in your FOIA Control No. 2010-033 response, as it appears to have been an attachment to one of the e-mails you provided.)

Your letter states, "For the records sought in FOIA Control No. 2010-135, you have not indicated how these records would 'reveal additional or different information' than that already provided to you in previous FOIA requests (FOIA Control Nos. 2010-029 and 2010-033) you filed with the FCC." While this should be plainly obvious, the additional records requested will, we believe, reveal the matters discussed at meetings held between the named participants.

Our previous requests sought the basic correspondence that would allow us to determine what meetings were actually held with representatives of certain organizations and interests, and

when. This information allowed us to request substantive information about *specific* meetings. This substantive information about specific meetings known to have occurred is "likely to contribute to the public's understanding of the influence that special interest organizations have had, or attempted to have, on the administration in formulating the administration's media and communications policy," as our request indicated.

The FCC's regulation at 47 C.F.R. § 0.470(e)(2)(ii) is based on 5 U.S.C. § 552(a)(4)(A)(iii), which provides that "Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." Mr. Kaufman's letter of January 5, 2010, indicates that "[w]e do not believe NLPC is requesting these records for commercial use." Thus, the only question is whether the information requested "is likely to contribute significantly to public understanding of the operations or activities of the government." As we explain in this letter, and as we believe is plainly evident even without the explanation contained in this letter, this standard is met.

As the Ninth Circuit noted in *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1284 (9th Cir. 1987), the aforementioned statutory provision "is to be liberally construed in favor of waivers for noncommercial requesters." 132 Cong. Rec. S14298 (Sept. 30, 1986) (Sen. Leahy). The amendment's main purpose was 'to remove the roadblocks and technicalities which have been used by various Federal agencies to deny waivers or reductions of fees under the FOIA.' 132 Cong. Rec. S16496 (Oct. 15, 1986) (Sen. Leahy)." Moreover, the information sought "is new and supports public oversight of agency operations." *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

The public is entitled to know how public officials interact with representatives of special interests, along with the substance of those interactions, so that conclusions may be drawn about the positive or negative value of those interests on public policy. The information sought in our FOIA requests is intended to cast light on those types of interactions. Therefore, we strongly disagree with Mr. Kaufman's conclusion that this information will not "contribute 'significantly' to public understanding of government operations or activities."

FOIA Control No. 2010-098

In our FOIA Request of November 12, 2009, which was designated FOIA Control No. 2010-098, we requested records concerning the openinternet.gov website. We have reason to believe that the very same special interest groups whose representatives have been meeting with public officials at the Federal Communications Commission – as detailed above – also played a role in the development of the openinternet.gov website. The openinternet.gov website appears to exist primarily to promote Chairman Genachowski's "net neutrality" initiatives. The public has a right to know if the special interests that have publicly supported the "net neutrality" policy are also assisting the Federal Communications Commission's efforts to promote that policy, and information about this website will also help to ensure the public that statutes such as the Anti-Lobbying Act are being complied with.

Thus, our request is specifically intended to contribute to the public's understanding of the operations and activities of the Federal Communications Commission. As a result, our request very clearly satisfies the criteria for a fee waiver.

Public Dissemination of the Information Sought

Your letter of January 5, 2010, questions the veracity of our assertion that we intend to disseminate the information we receive. You claim that "nothing in your requests or apparent on your website indicates that you have or are planning to disseminate information concerning media and communications policy."

Our requests have all indicated that "The Center will disseminate any documents it acquires from this request to the public through its public website." As we have described above, these requests are, of necessity, incremental in nature. When we are satisfied that we have been provided with all information and records to which we are legally entitled, we intend to make that information available to the public. We are not aware of any "immediacy" requirement with respect to making information public. The FCC has no cause to conclude that 47 C.F.R. § 0.470(e)(2)(iii) is not met here.

Moreover, NLPC's original FOIA request provided a lengthy and well-documented review of NLPC's record of high-profile dissemination of information obtained through FOIA requests:

- The FDA FOIA effort led to a nationally circulated Associated Press story as to how the FDA Commissioner abused his expense account.
- The Army FOIA requests resulted in NLPC being asked to testify before the Senate Armed Service Committee and a major change in a multi-billion-dollar Future Combat System contract.
- NLPC's FOIA efforts in a 2005-2006 investigation of government corruption led to front-page stories in both the *Wall Street Journal* on April 7, 2006 and the *New York Times* on April 8, 2006.

The original FOIA request contained cites for each of these cases and NLPC can provide the FCC with copies of all cited articles and testimony.

Lest there be any doubt, NLPC is planning to disseminate publicly information provided by the FOIAs regarding media and communications policy. And our record with respect to national media coverage of information obtained through FOIA requests underscores that point.

"All Others" Classification

Your conclusion that the National Legal and Policy Center should be categorized as an "all others" requester is irrelevant because the Center's request qualifies for a fee waiver under 47 C.F.R. § 0.470(e).

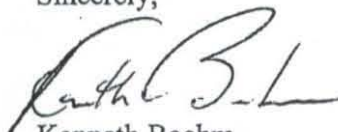

Fee Waiver Requests Cannot Be Denied To Discourage FOIA Requests

I view Mr. Kaufman's letter of January 5, 2010, with considerable skepticism. It is conclusory in nature and falls short of providing us with adequate notice as to the deficiencies of our request. As Senator Leahy explained, "experience suggests that agencies are most resistant to granting fee waivers when they suspect that the information sought may cast them in a less than flattering light or may lead to proposals to reform their practices. Yet that is precisely the type of information which the FOIA is supposed to disclose, and agencies should not be allowed to use fees as an offensive weapon against requesters seeking access to Government information...." 132 Cong. Rec. S14298 (Sept. 30, 1986) (Sen. Leahy). Similarly, the D.C. Circuit Court of Appeals explained that "[t]he legislative history of the fee waiver provision reveals that it was added to FOIA 'in an attempt to prevent government agencies from using high fees to discourage certain types of requesters, and requests,' in particular those from journalists, scholars and nonprofit public interest groups. . . . Congress made clear its intent that fees should not be utilized to discourage requests or to place obstacles in the way of such disclosure, forbidding the use of fees as 'toll gates' on the public access road to information" (emphasis added). *Better Government Association v. Department of State*, 780 F.2d 86, 89 (D.C. Cir. 1986).

I further note that the NLPC has been granted a fee waiver on countless occasions during its years of work on government transparency and accountability matters. For example, during its investigation of Food and Drug Administration Commissioner Kessler in 1995-1996, the NLPC filed over 600 FOIA requests and did not pay a single fee.

Regardless of the outcome of this Application for Review, we do not wish the files to be closed on the FOIA requests at issue. If you have any further questions, please feel free to contact me.

Sincerely,

Kenneth Boehm
Chairman

Federal Communications Commission
Washington, D.C. 20554

January 5, 2010

Mr. Kenneth Boehm
National Legal and Policy Center
107 Park Washington Court
Falls Church, VA 22046

Re: FOIA Control Nos. 2010-098 and 2010-135

Dear Mr. Boehm:

Your above-numbered Freedom of Information Act (FOIA) requests (FOIA Requests) on behalf of the National Legal and Policy Center (NLPC) both contained fee waiver requests pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). FOIA Control No. 2010-098 seeks records concerning the website, <www.openinternet.gov>, and FOIA Control No. 2010-135 seeks (1) records of a meeting between Ben Scott and Colin Crowell on August 28, 2009; (2) records of a meeting between FCC Chairman Julius Genachowski, Colin Crowell, and the Democracy Alliance on October 9, 2009; (3) an invitation from Ben Scott to Colin Crowell dated August 28, 2009; (4) the "draft Knight Report;" (5) the schedule of FCC Chairman Genachowski from July 1, 2009 to the present; (6) records of the "last meeting with the Net Neutrality Team" referenced in an email from Ben Scott to Paul de Sa; (7) records of the presence of Ben Scott in the FCC headquarters building on September 25, 2009; (9) communications between Markham Erickson and seven named persons; and (10) records of a meeting on September 24 or 25 involving seven named people. By this letter, we deny your requests for fee waivers. We also determine that the NLPC should be categorized as an "all others" FOIA requester for FOIA fee purposes, and provide an estimate of the fees that will accrue for processing your two FOIA requests.

L. Fee Waivers

To obtain a FOIA fee waiver, our rules provide that the requester "include, in his or her original FOIA request, a statement explaining with specificity the reasons demonstrating that he or she qualifies for a . . . fee waiver," 47 C.F.R. § 0.470(c). See 47 C.F.R. § 0.470(e)(2) (setting forth criteria for fee waivers);¹ *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1286 (9th Cir. 1987) (*MESS*); *Robert J. Robbins, Call Communications Group, Inc.*, 21 FCC Rcd 6685 (2006).

In support of your requests for fee waivers, you state (at page 3 of each request), "the requested records are likely to contribute to the public's understanding of the influence that special interest organizations have had, or attempted to have, on the administration in formulating the administration's media and communications policy." You continue (at page 5 of both requests), "The materials requested in this case are explicitly needed in furtherance of our accountability efforts and service no commercial purpose." The remainders of your fee waiver requests explain activities of the NLPC.

¹ Section 0.470(e)(2) provides that "The criteria used to determine whether disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government include: (i) Whether the subject of the requested records concerns the operations or activities of the government; (ii) Whether the disclosure is likely to contribute to an understanding of government operations or activities; and (iii) Whether disclosure of the requested information will contribute to public understanding as opposed to the individual understanding of the requester or a narrow segment of interested persons."

Mr. Kenneth Boehm
January 5, 2010

We do not believe that disclosure of the records sought in your two FOIA requests is "likely to contribute" to an understanding of specific government operations or activities because the specific records you seek are not meaningfully informative in relation to the asserted subject matter of the requests. 47 C.F.R. § 0.470(e)(2)(ii). You indicate the subject matter of both your FOIA requests is influence that special interest organizations have on the administration in formulating the administration's media and communications policy. In FOIA Control No. 2010-098, you do not explain how your request for records concerning the establishment of the website <www.openinternet.gov> will be informative concerning the focus of your request. The website is "a place to join the discussion about the important issues facing the future of the Internet. Through this site you can stay connected to all Federal Communication Commission activities on the issue, and share your thoughts and ideas on open Internet." <www.openinternet.gov/about-open-internet.html>. The site is linked from and to the FCC's website, and is designed "to best facilitate input and participation in the commission proceedings as this discussion evolves. This conversation will be fair, open, and deliberate; and we want to ensure that the opportunity to participate is open to everyone." *Id.* We are unable to discern how records concerning the creation and funding of this site will shed any light on the stated subject matter of the FOIA request.

Your request in FOIA Control No. 2010-135 seeks records of various meetings and also the Chairman's schedule. For the records sought in FOIA Control No. 2010-135, you have not indicated how these records would "reveal additional or different information" than that already provided to you in previous FOIA requests (FOIA Control Nos. 2010-029 and 2010-033) you filed with the FCC. See *Stewart v. U.S. Dep't of the Interior*, 554 F.3d 1236, 1244 (10th Cir. 2009). We are therefore unable to conclude that disclosure of the records sought would contribute "significantly" to public understanding of government operations or activities. 5 U.S.C. § 552(a)(4)(A)(ii).

Finally, we are also unable to conclude based on your requests that you actually plan to disseminate the information sought. 47 C.F.R. § 0.470(e)(2)(iii); *MESS*, 835 F.2d at 1286 (fee waiver rejected where requester did not give indication of intent to actually disseminate materials); *Brown v. U.S. Patent & Trademark Office*, 226 F. App'x 866, 869 (11th Cir. 2007). You describe in detail your organization's activities, but nothing in your requests or apparent on your website indicates that you have or are planning to disseminate information concerning media and communications policy.

For all these reasons, we conclude that you have not met the public interest standard of the FOIA fee waiver statute, and your requests for fee waivers are denied.

II. Fee Classification

To process FOIA requests, we are required to charge fees for search, review, and copying of records disclosed. FOIA requesters are categorized as commercial requesters, educational and non-commercial scientific requesters and requesters who are representatives of the news media, and "all others" requesters. 47 C.F.R. § 0.470(a)(1)-(3). We conclude that the NLPC falls in the "all others" category for FOIA fee purposes. We do not believe NLPC is requesting these records for commercial use, and therefore the category found at 47 C.F.R. §§ 0.466(a)(4) and 0.470(a)(1) is inapplicable. We do not believe NLPC is an educational or non-commercial scientific organization under sections 0.466(a)(5), 0.466(a)(6), and 0.470(a)(2). Finally, NLPC has not sought treatment as a representative of the news media as that term is defined in section 0.466(a)(7). Because NLPC is not a commercial requester, an educational institution, a non-scientific requester, nor a representative of the news media, it is considered an "all others" requester for FOIA fee purposes. 47 C.F.R. § 0.466(a)(8).

Mr. Kenneth Boehm
 January 5, 2010

III. Fee Estimates

Neither of your FOIA requests stated the amounts you are willing to pay to process your requests. We estimate that the fees for processing FOIA 2010-098 and FOIA 2010-135 exceed \$25, and therefore pursuant to 47 C.F.R. § 0.467(e)(1) we are notifying you of the following estimates of fees for processing the requests, and offering you the opportunity to confer with us to revise or clarify your request.

A. FOIA Control No. 2010-098

For this FOIA request for records concerning the website <www.openinternet.gov>, we estimate approximately 12 hours of search and review time by FCC employees and contractors are required to locate any responsive records. As an "all others" requester the first two hours are free of charge. We estimate that for 10 hours of search and review time, the cost will be \$1263.48.² In addition, there may be additional charges for reproducing any records released to you, at \$0.10 per page (after the first 100 pages).

B. FOIA Control No. 2010-135

For this FOIA request, we will need to request that approximately 10 FCC employees search for various records described in footnote 1. We estimate 1/2 hour per person for these searches, resulting in 5 hours search time by GS-15 employees at \$78.74 per hour, totally \$393.70. The schedule of the records of the Chairman will take approximately 2 hours to access and to redact personal information by a GS-13 employee at \$56.65 per hour, totaling \$113.30. In addition, to obtain records of the presence of Ben Scott at FCC headquarters on a named date, the Commission's visitor log (paper) records will have to be searched. We estimate the search for these records will take 1/4 hour by a GS-13 employee at \$56.65 per hour, totaling \$14.16. As an "all others" requester the first two hours are free of charge. Therefore, we estimate the total cost for this part of your FOIA request will be \$377.70.³ In addition, there may be additional charges for reproducing any records released to you, at \$0.10 per page (after the first 100 pages).

* * *

In conclusion, your requests for fee waivers in FOIA Control Nos. 2010-098 and 2010-135 are denied. You have been categorized as an "all others" requester for fee purposes. For FOIA Control No. 2010-098 we estimate the costs for processing the request will be \$1263.48. For FOIA Control No. 2010-135 we estimate the costs for processing the request will be \$377.70. Please let us know by January 15, 2010 if you are willing to pay these costs for processing the two requests. Otherwise, you may contact

² We calculate this amount as follows:	2 hours by a GS-11 at \$39.74 per hour =	\$79.48
	2 hours by a GS-13 at \$56.65 per hour =	\$113.30
	2 hours by a GS-7 at \$26.86 per hour =	\$53.70
	2 hours by a GS-15 at \$78.74 per hour =	\$157.48
	4 hours by a contractor at \$130.00 per hour =	<u>\$520.00</u>
	Total search cost	\$1444.32
	Less 2 hours average cost at \$90.27 per hour=	<u>\$180.54</u>
	TOTAL ESTIMATE	\$1263.78

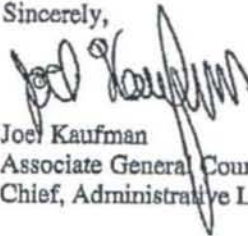

³ We calculate this amount as follows: \$393.70 plus \$113.30 plus \$14.16 less \$143.46 (two hours at an average cost per hour of \$71.88) = \$377.70.

Mr. Kenneth Boehm
January 5, 2010

Laurence Schecker at 202.418.1717 to discuss the scope of the request. If we do not hear from you by January 15, 2010 we will close both of these FOIA requests.

You may see review of this decision by filing an application for review with the Office of General Counsel within thirty (30) days of the date of this letter. See 47 C.F.R. § 0.461(j) and 0.470(g).

Sincerely,

Joel Kaufman

Re: Application For Review

Dear Office of General Counsel,

Over two months ago, the National Legal and Policy Center filed an Application seeking review of the decisions set forth in the Federal Communications Commission's letter of January 5, 2010, from Jon Kaufman to Kenneth Boehm, copies of both of which are attached. As I noted in my Application dated January 12, 2010, the denial of my requests for fee waivers was plainly contrary to the regulations and standards cited in Mr. Kaufman's letter.

To date, I have not received any further correspondence regarding this matter. I write you today to reiterate the points made in my earlier Application in the hopes that I may obtain the information to which I am lawfully entitled as soon as possible. I regard your silence in this matter to be a denial of my Application for purposes of 5 U.S.C. § 552(a)(6)(A)(ii), and note that my organization is now lawfully entitled to pursue this matter in federal court.

I also bring to your attention The White House's memorandum of March 16, 2010, reminding all Executive Branch agencies that "on his first full day in office, the President directed you to administer the Freedom of Information Act (FOIA) with a 'presumption in favor of disclosure' and to respond to FOIA requests 'promptly and in a spirit of cooperation.'" Since filing requests designated FOIA Control No. 2010-135 and 2010-098, I have been unable to discern compliance on your part with the President's directives.

I hereby redirect your attention to my Application For Review dated January 12, 2010, urge you to resolve this matter in a timely fashion, and re-request that all documents sought in FOIA Control No. 2010-135 and 2010-098 be provided promptly and without further delay.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenneth Boehm", written in a cursive style.

Kenneth Boehm

THE WHITE HOUSE

Washington

March 16, 2010

MEMORANDUM FOR AGENCY AND DEPARTMENT HEADS

FROM: RAHM EMANUEL
CHIEF OF STAFF

BOB BAUER
COUNSEL TO THE PRESIDENT

SUBJECT: FREEDOM OF INFORMATION ACT

On his first full day in office, the President wrote that “A democracy requires accountability, and accountability requires transparency.” In little over a year, much successful work has been done to make the government more open and accountable to the American people. For the first time in history, the White House has made its visitor records available to the public and online. The President issued executive orders to reduce over-classification, speed declassification, and increase access to presidential records. Additional measures include Recovery.gov and USAspending.gov, designed to bring sunlight to government expenditures, and the issuance of the Open Government Directive that requires government operations to be more transparent and open to public participation.

Also, on his first full day in office, the President directed you to administer the Freedom of Information Act (FOIA) with a “presumption in favor of disclosure” and to respond to FOIA requests “promptly and in a spirit of cooperation.” Accordingly, we write to request that your agency take several specific steps to improve implementation of the President’s Memorandum on the Freedom of Information Act.

We appreciate your efforts to implement the Memorandum on FOIA, and we are confident that the Chief FOIA Officer Reports you filed will show progress. But more work remains to be done, and such work requires persistent effort.

To that end, we request that you take action as follows to ensure full implementation of the President’s Memorandum on FOIA. First, you should update all FOIA guidance and training materials to include the principles articulated in the President’s Memorandum. Second, you should assess whether you are devoting adequate resources to responding to FOIA requests promptly and cooperatively, consistent with the requirements for addressing this Presidential priority.

Many of you may already be taking these steps in the course of drafting your agency's Open Government Plans, and we ask that you consider these and other measures as part of developing and implementing the FOIA section of those plans.

Thank you for all of your hard work to make sure that the Administration can fulfill the President's commitment to create an unprecedented level of openness in government.

Re: Application For Review

Dear Office of General Counsel,

In three letters dated April 1, 2010, the National Legal and Policy Center received responses from the Federal Communications Commission (FCC) to recently-made Freedom of Information Act (FOIA) requests. These requests and responses were designated Control No. 2010-026, 2010-027, and 2010-028 (see attached letters). In each of these responses, you indicated that the National Legal and Policy Center had been designated as a "representative of the news media" for purposes of calculating FOIA requester fees. However, because each of the three requests involved fewer than 100 pages, no duplication charges were incurred.

To the extent the conclusions regarding the National Legal and Policy Center's classification constitute a denial of its fee waiver requests, the National Legal and Policy Center hereby appeals that decision.

By letter dated January 12, 2010, the National Legal and Policy Center filed an application for review of earlier fee waiver request decisions regarding Control No. 2010-135 and 2010-098 (see attached). Having received no response to this application for review for over two months, the National Legal and Policy Center submitted a second

letter, dated March 19, 2010 (see attached), reiterating certain points and seeking a resolution to the referenced matters.

With respect to Control No. 2010-135 and 2010-098, the FCC classified the National Legal and Policy Center as an "all others" requester. Thus, in response to substantially similar requests, the National Legal and Policy Center has now been classified two different ways in a matter of months. As previously stated in my letter of March 19, 2010, I maintain my objection to the FCC's various classifications of the National Legal and Policy Center because those classifications are irrelevant in light of the organization's entitlement to a fee waiver for all FOIA requests at issue.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenneth F. Boehm". The signature is fluid and cursive, with the first name "Kenneth" and last name "Boehm" clearly legible.

Kenneth F. Boehm
Chairman

FREEDOM OF INFORMATION ACT REQUEST

Managing Director
Attention: FOIA Officer
Federal Communications Commission
445 12th Street, S.W., Room 1-A835
Washington, DC 20554

RE: American Dad

Dear Sir or Madam:

By and through its undersigned counsel, and pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 *et seq.* and 47 C.F.R. § 0.461 *et seq.*, NW Communications of Texas, Inc. ("NWC") hereby respectfully requests that it be provided with copies of all complaints received by or, if oral, memorialized by the Commission, from January 3, 2010 to present, concerning the broadcast of the January 3, 2010 episode of the program "American Dad" (the "Program") by any broadcast television station, including without limitation complaints alleging that the Program was obscene, indecent or otherwise objectionable.

In support of this request, NWC submits the following:

- These records should be found in the files of the Consumer & Governmental Affairs Bureau, the Enforcement Bureau or the Media Bureau. All records likely will reference the program "American Dad."
- These records are not known to be the kinds of records listed in 47 C.F.R. § 0.457 or known to have been withheld from inspection under 47 C.F.R. § 0.459. NWC acknowledges that the Commission typically redacts the names

2010 MAR 24 A 10:35
FROL STAFF
2010-340

and street addresses of complainants. NWC notes, however, that information concerning the city and state where the complaint originated cannot reasonably be expected to disclose the identity of the source and, therefore, this information should not be redacted.

NWC requests the waiver of any search, copying and review charges pursuant to 47 C.F.R. § 0.470(e), on the basis that, as more fully explained below, disclosure of the requested information "is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester."

Specifically, NWC requests the information in connection with responding to two letters of inquiry from the Commission's Enforcement Bureau (*see* File No. EB-10-IH-0188) regarding the Program, which could potentially lead to enforcement proceedings against NWC. In addition to other information concerning the Program, the inquiry letters ask NWC to identify stations commonly owned with NWC that broadcast the Program, as well as to identify independently-owned stations that "had the contractual right . . . , as a network affiliate of [the Fox Television Network] or otherwise, to air" the Program.

Aside from needing the information requested herein to help inform its response to the inquiry letters, and to defend itself against potential enforcement proceedings, disclosure of the complaints would be in the public interest because it would "contribute to an understanding of government operations or activities." 47 C.F.R. § 0.470(e)(2)(ii). In particular, in light of the Enforcement Bureau's broad request for information regarding every broadcast station that may have aired the Program, the disclosure of the requested complaints would help clarify the extent to which the Bureau's approach in the inquiry letters is consistent with Commission precedent – namely, the full Commission's "appropriately restrained enforcement policy," pursuant to which the FCC takes enforcement action in response to indecency allegations "against only the licensee and station whose broadcast of the material was actually the subject of a viewer complaint to the Commission." *Complaints Regarding Various Television Broadcasts Between February 2, 2002 and March 8, 2005*, 21 FCC Red 2664, 2676, ¶ 42 (2006). The Commission also has emphasized that it limits enforcement of indecency rules "to licensees whose stations serve markets from which specific complaints were received." *In re Complaints Against Various Licensees Regarding Their Broadcast of the Fox Television Network, Program "Married By America" on April 7, 2003*, FCC 08-63 (2008), at ¶ 38.¹

¹ The Commission's *Indecency Policy Statement* also makes clear that the FCC pursues action only with respect to those complaints that "include . . . the call

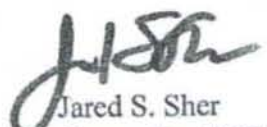

In short, given the sensitive First Amendment questions raised by FCC indecency enforcement investigations, particularly the overly-broad requests made by the Enforcement Bureau in the inquiry letters, NWC should have the opportunity to review the number and nature of the complaints, together with the locations from which the complaints originated, as it considers how to respond to the Bureau's request that it divulge information about other licensees or stations. In addition, disclosure of the requested information would enhance public understanding of how the Commission makes indecency determinations and especially how it undertakes to evaluate "contemporary community standards for the broadcast medium."

In the event that the Commission decides not to waive search, copying and review charges in connection with this request, please notify the undersigned.

Because the Enforcement Bureau has asked it to respond to the inquiry letters by March 23, 2010, NWC asks the Commission to supply the requested copies as promptly as possible. NWC is simultaneously herewith submitting a response to the Enforcement Bureau renewing its objections to supplying the information sought in the inquiry letters that relates to the material requested herein.

Please contact the undersigned should you have any questions concerning this submission.

Sincerely,

Jared S. Sher
Counsel to NWC

FREEDOM OF INFORMATION ACT REQUEST

Managing Director
Attention: FOIA Officer
Federal Communications Commission
445 12th Street, S.W., Room 1-A835
Washington, DC 20554

FILED/ACCEPTED

MAR 23 2010

Federal Communications Commission
Office of the Secretary

RE: American Dad

Dear Sir or Madam:

By and through its undersigned counsel, and pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 *et seq.* and 47 C.F.R. § 0.461 *et seq.*, NW Communications of Texas, Inc. ("NWC") hereby respectfully requests that it be provided with copies of all complaints received by or, if oral, memorialized by the Commission, from January 3, 2010 to present, concerning the broadcast of the January 3, 2010 episode of the program "American Dad" (the "Program") by any broadcast television station, including without limitation complaints alleging that the Program was obscene, indecent or otherwise objectionable.

In support of this request, NWC submits the following:

- These records should be found in the files of the Consumer & Governmental Affairs Bureau, the Enforcement Bureau or the Media Bureau. All records likely will reference the program "American Dad."
- These records are not known to be the kinds of records listed in 47 C.F.R. § 0.457 or known to have been withheld from inspection under 47 C.F.R. § 0.459. NWC acknowledges that the Commission typically redacts the names

and street addresses of complainants. NWC notes, however, that information concerning the city and state where the complaint originated cannot reasonably be expected to disclose the identity of the source and, therefore, this information should not be redacted.

NWC requests the waiver of any search, copying and review charges pursuant to 47 C.F.R. § 0.470(e), on the basis that, as more fully explained below, disclosure of the requested information “is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.”

Specifically, NWC requests the information in connection with responding to two letters of inquiry from the Commission’s Enforcement Bureau (*see* File No. EB-10-IH-0188) regarding the Program, which could potentially lead to enforcement proceedings against NWC. In addition to other information concerning the Program, the inquiry letters ask NWC to identify stations commonly owned with NWC that broadcast the Program, as well as to identify independently-owned stations that “had the contractual right . . . , as a network affiliate of [the Fox Television Network] or otherwise, to air” the Program.

Aside from needing the information requested herein to help inform its response to the inquiry letters, and to defend itself against potential enforcement proceedings, disclosure of the complaints would be in the public interest because it would “contribute to an understanding of government operations or activities.” 47 C.F.R. § 0.470(e)(2)(ii). In particular, in light of the Enforcement Bureau’s broad request for information regarding every broadcast station that may have aired the Program, the disclosure of the requested complaints would help clarify the extent to which the Bureau’s approach in the inquiry letters is consistent with Commission precedent – namely, the full Commission’s “appropriately restrained enforcement policy,” pursuant to which the FCC takes enforcement action in response to indecency allegations “against only the licensee and station whose broadcast of the material was actually the subject of a viewer complaint to the Commission.” *Complaints Regarding Various Television Broadcasts Between February 2, 2002 and March 8, 2005*, 21 FCC Rcd 2664, 2676, ¶ 42 (2006). The Commission also has emphasized that it limits enforcement of indecency rules “to licensees whose stations serve markets from which specific complaints were received.” *In re Complaints Against Various Licensees Regarding Their Broadcast of the Fox Television Network, Program “Married By America” on April 7, 2003*, FCC 08-63 (2008), at ¶ 38.¹

¹ The Commission’s *Indecency Policy Statement* also makes clear that the FCC pursues action only with respect to those complaints that “include . . . the call

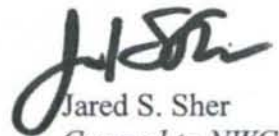

In short, given the sensitive First Amendment questions raised by FCC indecency enforcement investigations, particularly the overly-broad requests made by the Enforcement Bureau in the inquiry letters, NWC should have the opportunity to review the number and nature of the complaints, together with the locations from which the complaints originated, as it considers how to respond to the Bureau's request that it divulge information about other licensees or stations. In addition, disclosure of the requested information would enhance public understanding of how the Commission makes indecency determinations and especially how it undertakes to evaluate "contemporary community standards for the broadcast medium."

In the event that the Commission decides not to waive search, copying and review charges in connection with this request, please notify the undersigned.

Because the Enforcement Bureau has asked it to respond to the inquiry letters by March 23, 2010, NWC asks the Commission to supply the requested copies as promptly as possible. NWC is simultaneously herewith submitting a response to the Enforcement Bureau renewing its objections to supplying the information sought in the inquiry letters that relates to the material requested herein.

Please contact the undersigned should you have any questions concerning this submission.

Sincerely,

Jared S. Sher
Counsel to NWC

CONTROL STAFF
2010 JUL 13 A 10:16
CONTROL 2010-1192

American Public Communications Council Requests:

Copies of all Documents (as defined below), whether paper or electronic, submitted by or on behalf of Qwest Communications Company, LLC f/k/a Qwest Communications Corporation ("Qwest") to the Enforcement Bureau (the "Bureau") in connection with the Bureau's investigation, now closed, of Qwest's compliance with Section 276 of the Communications Act of 1934, as amended, 47 U.S.C. §276, and the Commission's rule and regulations regarding the obligations of telecommunications service providers to transmit payphone-specific coding digits in order to enable payphone service providers to collect compensation for coinless calls originated from pay telephones, which investigation was identified as File No. EB-06-IH-2959 and was resolved and closed upon the Bureau's issuance of an Order and Consent Decree, DA 10-1086, released June 29, 2010 (the "June 29, 2010 Order"). Among the Documents requested are all letters, including enclosures and attachments, and all electronic messages, inc

cluding attachments, identified in footnotes 13, 14, 16, 18 and 19 of the June 29, 2010 Order, and more specifically described in response to no. 8 below.

For purposes of this Request, the term "Documents" means: any written, recorded, or graphic material of any kind, whether prepared by Qwest or by any other person, that is in the Commission's possession, custody, or control because such material was submitted to the Bureau by Qwest in connection with File No. EB-06-IH-2959. The term includes agreements, contracts, letters, telegrams, electronic mail, inter-office communications, memoranda, reports, records, instructions, specifications, notes, notebooks, plans, drawings, sketches, blueprints, diagrams, photographs, photocopies, charts, graphs, descriptions, minutes of meetings, conferences, and telephone or other conversations or communications, invoices, purchase orders, recordings, publications, ledgers, financial statements, microfilm, microfiche, tape, disc recordings (CD-rom) and computer print-outs.

*All Documents submitted by Qwest to the Enforcement Bureau in connection with File No. EB-06-IH-2959, including the following documents identified in the Order by the Chief, Enforcement Bureau, DA 10-1086, released June 29, 2010:

*Letter dated October 4, 2006, from Daphne Butler ("Butler"), Attorney for Qwest, to Jacqueline Spindler,

Investigations & Hearings Division, Enforcement Bureau (the "Division").

*Letter dated April 13, 2007, from Butler to Hillary S De Nigro, Chief of the Division.

*Letter dated September 14, 2007, from Butler to Michelle Berlove ("Berlove"), Attorney Advisor, and Elizabeth Mumaw ("Mumaw"), Assistant Chief of the Division.

*Letter dated October 12, 2007, from Butler to Berlove and Mumaw.

*Letter dated October 31, 2007, from Butler to Berlove and Mumaw

*Letter dated November 30, 2007, from Butler to Berlove and Mumaw

*Letter dated November 6, 2008 from Harisha Bastiampillai ("Bastiampillai"), Senior Attorney for Qwest, to David Janas ("Janas"), Special Counsel, Division.

*Letter dated April 2, 2009, from Bastiampillai to Janas.

Maximum Fee: \$1,000

Is the requester entitled to a restricted fee assessment? No If Yes Give Reasons for Inspection:

Any Additional Information and/or Comments: If the search will exceed the maximum search fee indicated above, please contact Albert Kramer, Esquire (contact information above), or Shelley Sadowsky, Esquire (202-420-3042 or sadowskys@dicksteinshapiro.com) as our client may decide to increase the maximum fee it is prepared to pay for the requested search.

ORDER

Adopted: June 28, 2010

Released: June 29, 2010

By the Chief, Enforcement Bureau:

1. In this Order, we adopt the attached Consent Decree entered into between the Enforcement Bureau ("Bureau") and Qwest Communications Company, LLC f/k/a Qwest Communications Corporation ("QCC" or the "Company"). The Consent Decree resolves and terminates the Bureau's investigation into QCC's compliance with section 276 of the Communications Act of 1934, as amended (the "Act"),¹ and the Commission's rules and regulations regarding the obligations of telecommunications service providers to transmit payphone-specific coding digits in order to enable payphone service providers ("PSPs") to collect compensation for coinless calls originated from pay telephones.²

2. The Bureau and QCC have negotiated the terms of the Consent Decree that resolve this matter. A copy of the Consent Decree is attached hereto and incorporated by reference.

3. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree, and terminating the investigation.

4. In the absence of material new evidence relating to this matter, we conclude that our investigation raises no substantial or material questions of fact as to whether QCC possesses the basic qualifications, including those related to character, to hold or obtain any Commission license or authorization.

5. Accordingly, **IT IS ORDERED** that, pursuant to Sections 4(i) and 503(b) of the Communications Act of 1934, as amended,³ and Sections 0.111 and 0.311 of the Commission's Rules,⁴ the Consent Decree attached to this Order **IS ADOPTED**.

¹ 47 U.S.C. § 276.

² See, e.g., *Pay Tel. Reclassification & Compensation Provisions of the Telecomms. Act of 1996*, Report & Order, 18 FCC Rcd 19975, 19992, ¶ 35 (2003); *Pay Tel. Reclassification & Compensation Provisions of the Telecomms. Act of 1996*, Memorandum Opinion & Order, 13 FCC Rcd 4998, 5020, ¶ 37 (Common Carrier Bureau 1998).

³ See 47 U.S.C. § 154(i), 503(b).

6. **IT IS FURTHER ORDERED** that the above-referenced investigation **IS TERMINATED**.

7. **IT IS FURTHER ORDERED** that a copy of this Order and Consent Decree shall be sent by first class certified mail, return receipt requested, to Harisha J. Bastiampillai, Esq., Senior Attorney, Qwest Communications Company, LLC, 607 14th Street, N.W., Suite 950, Washington, D.C. 20005.

FEDERAL COMMUNICATIONS COMMISSION

P. Michele Ellison
Chief, Enforcement Bureau

(Continued from previous page)

⁴ See 47 C.F.R. §§ 0.111, 0.311.

Date of Request: July 12, 2010

American Public Communications Council Requests:
 Copies of all Documents (as defined below), whether paper or electronic, submitted by or on behalf of Qwest Communications Company, LLC f/k/a Qwest Communications Corporation ("Qwest") to the Enforcement Bureau (the "Bureau") in connection with the Bureau's investigation, now closed, of Qwest's compliance with Section 276 of the Communications Act of 1934, as amended, 47 U.S.C. §276, and the Commission's rule and regulations regarding the obligations of telecommunications service

7/13/2010

providers to transmit payphone-specific coding digits in order to enable payphone service providers to collect compensation for coinless calls originated from pay telephones, which investigation was identified as File No. EB-06-IH-2959 and was resolved and closed upon the Bureau's issuance of an Order and Consent Decree, DA 10-1086, released June 29, 2010 (the "June 29, 2010 Order"). Among the Documents requested are all letters, including enclosures and attachments, and all electronic messages, inc

luding attachments, identified in footnotes 13, 14, 16, 18 and 19 of the June 29, 2010 Order, and more specifically described in response to no. 8 below.

For purposes of this Request, the term "Documents" means: any written, recorded, or graphic material of any kind, whether prepared by Qwest or by any other person, that is in the Commission's possession, custody, or control because such material was submitted to the Bureau by Qwest in connection with File No. EB-06-IH-2959. The term includes agreements, contracts, letters, telegrams, electronic mail, inter-office communications, memoranda, reports, records, instructions, specifications, notes, notebooks, plans, drawings, sketches, blueprints, diagrams, photographs, photocopies, charts, graphs, descriptions, minutes of meetings, conferences, and telephone or other conversations or communications, invoices, purchase orders, recordings, publications, ledgers, financial statements, microfilm, microfiche, tape, disc recordings (CD-rom) and computer print-outs.

 *All Documents submitted by Qwest to the Enforcement Bureau in connection with File No. EB-06-IH-2959, including the following documents identified in the Order by the Chief, Enforcement Bureau, DA 10-1086, released June 29, 2010:

*Letter dated October 4, 2006, from Daphne Butler ("Butler"), Attorney for Qwest, to Jacqueline Spindler, Investigations & Hearings Division, Enforcement Bureau (the "Division").

*Letter dated April 13, 2007, from Butler to Hillary S De Nigro, Chief of the Division.

*Letter dated September 14, 2007, from Butler to Michelle Berlove ("Berlove"), Attorney Advisor, and Elizabeth Mumaw ("Mumaw"), Assistant Chief of the Division.

*Letter dated October 12, 2007. from Butler to Berlove and Mumaw.

*Letter dated October 31, 2007, from Butler to Berlove and Mumaw

*Letter dated November 30, 2007, from Butler to Berlove and Mumaw

*Letter dated November 6, 2008 from Harisha Bastiampillai ("Bastiampillai"), Senior Attorney for Qwest, to David Janas ("Janas"), Special Counsel, Division.

CONTROL STAFF
2010 JUL 13 A 10:16
CONTROL 2010-1922

American Public Communications Council Requests:

Copies of all Documents (as defined below), whether paper or electronic, submitted by or on behalf of Qwest Communications Company, LLC f/k/a Qwest Communications Corporation ("Qwest") to the Enforcement Bureau (the "Bureau") in connection with the Bureau's investigation, now closed, of Qwest's compliance with Section 276 of the Communications Act of 1934, as amended, 47 U.S.C. §276, and the Commission's rule and regulations regarding the obligations of telecommunications service providers to transmit payphone-specific coding digits in order to enable payphone service providers to collect compensation for coinless calls originated from pay telephones, which investigation was identified as File No. EB-06-IH-2959 and was resolved and closed upon the Bureau's issuance of an Order and Consent Decree, DA 10-1086, released June 29, 2010 (the "June 29, 2010 Order"). Among the Documents requested are all letters, including enclosures and attachments, and all electronic messages, inc

luding attachments, identified in footnotes 13, 14, 16, 18 and 19 of the June 29, 2010 Order, and more specifically described in response to no. 8 below.

For purposes of this Request, the term "Documents" means: any written, recorded, or graphic material of any kind, whether prepared by Qwest or by any other person, that is in the Commission's possession, custody, or control because such material was submitted to the Bureau by Qwest in connection with File No. EB-06-IH-2959. The term includes agreements, contracts, letters, telegrams, electronic mail, inter-office communications, memoranda, reports, records, instructions, specifications, notes, notebooks, plans, drawings, sketches, blueprints, diagrams, photographs, photocopies, charts, graphs, descriptions, minutes of meetings, conferences, and telephone or other conversations or communications, invoices, purchase orders, recordings, publications, ledgers, financial statements, microfilm, microfiche, tape, disc recordings (CD-rom) and computer print-outs.

*All Documents submitted by Qwest to the Enforcement Bureau in connection with File No. EB-06-IH-2959, including the following documents identified in the Order by the Chief, Enforcement Bureau, DA 10-1086, released June 29, 2010:

*Letter dated October 4, 2006, from Daphne Butler ("Butler"), Attorney for Qwest, to Jacqueline Spindler,

Investigations & Hearings Division, Enforcement Bureau (the "Division").

*Letter dated April 13, 2007, from Butler to Hillary S De Nigro, Chief of the Division.

*Letter dated September 14, 2007, from Butler to Michelle Berlove ("Berlove"), Attorney Advisor, and Elizabeth Mumaw ("Mumaw"), Assistant Chief of the Division.

*Letter dated October 12, 2007, from Butler to Berlove and Mumaw.

*Letter dated October 31, 2007, from Butler to Berlove and Mumaw

*Letter dated November 30, 2007, from Butler to Berlove and Mumaw

*Letter dated November 6, 2008 from Harisha Bastiampillai ("Bastiampillai"), Senior Attorney for Qwest, to David Janas ("Janas"), Special Counsel, Division.

*Letter dated April 2, 2009, from Bastiampillai to Janas.

Maximum Fee: \$1,000

Is the requester entitled to a restricted fee assessment? No If Yes Give Reasons for Inspection:

Any Additional Information and/or Comments: If the search will exceed the maximum search fee indicated above, please contact Albert Kramer, Esquire (contact information above), or Shelley Sadowsky, Esquire (202-420-3042 or sadowskys@dicksteinshapiro.com) as our client may decide to increase the maximum fee it is prepared to pay for the requested search.

Re: FOIA Control No. 2010-492

Dear Mr. Bastiampillai:

The Federal Communications Commission has received the above-referenced Freedom of Information Act ("FOIA") request submitted by Albert H. Kramer, Esq., on behalf of American Public Communications Council ("Council"). The Council seeks all documents produced by Qwest Communications Company, LLC f/k/a Qwest Communications Corporation ("Qwest") to the FCC's Enforcement Bureau as part of an investigation bearing File No. EB-06-IH-2959. A copy of the FOIA request is attached.

The documents sought by the Council were submitted by Qwest under a request for confidentiality. They include, but are not limited to, the following:

- (1) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Jacqueline Spindler, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Oct. 4, 2006);
- (2) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Hillary S. DeNigro, Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Apr. 13, 2007);
- (3) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Michele Berlove, Attorney Advisor, and Elizabeth Mumaw, Assistant Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Sept. 14, 2007);
- (4) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Michele Berlove, Attorney Advisor, and Elizabeth Mumaw, Assistant Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Oct. 12, 2007);

- (5) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Michele Berlove, Attorney Advisor, and Elizabeth Mumaw, Assistant Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Oct. 31, 2007);
- (6) Letter from Daphne Butler, Attorney, Qwest Communications Corp. to Michele Berlove, Attorney Advisor, and Elizabeth Mumaw, Assistant Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Nov. 30, 2007);
- (7) Letter from Harisha Bastiampillai, Senior Attorney, Qwest Communications Corp. to David Janas, Special Counsel, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Nov. 6, 2008); and
- (8) Letter from Harisha Bastiampillai, Senior Attorney, Qwest Communications Corp. to David Janas, Special Counsel, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission (Apr. 2, 2009).

As required by Section 0.461(d)(3) of the Commission's Rules, 47 C.F.R. § 0.461(d)(3), we hereby notify Qwest of the subject FOIA request and afford it the opportunity to assert with particularity, consistent with 47 C.F.R. § 0.459(a)(1), why some or all of the documents sought should not be immediately released to the Council, either in their entirety and/or in redacted form. If any documents are releasable in redacted form, Qwest shall include copies of such documents, properly redacted to protect the specific information that it maintains is exempt from disclosure under FOIA.

Qwest's response to the FOIA request (and copies of redacted materials), if any, shall be submitted in writing to the Bureau no later than ten business days from the date of this letter. Qwest shall simultaneously serve a copy of all such materials on Mr. Kramer. The Council, no later than seven business days thereafter, may submit a reply in writing to the Bureau. The Council shall simultaneously serve a copy of its reply on Qwest. If necessary, the Bureau will then rule on the claim of confidentiality.

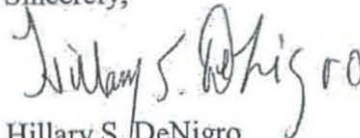

Qwest also is directed to contact Mr. Kramer by telephone within five business days of the date of this letter to confer about the possibility of reaching a mutually acceptable resolution regarding release of the documents sought by the Council. Qwest and the Council shall submit a joint status report in writing to the Bureau within five business days after such conference.

Harisha Bastiampillai, Esq.
Qwest Communications Corp.

**Re: FOIA Control No. 2010-492 – Response to July 28, 2010, Letter
Concerning File No. EB-06-IH-2959**

Dear Mr. Janas:

APCC Services, Inc. (“APCC Services”) hereby responds to the letters filed in the above-referenced proceeding by Qwest Communications Company, LLP (“Qwest”) on September 2, 2010. Qwest filed two separate letters, both addressed to David Janas of the Enforcement Bureau Staff. The first is a two-page cover letter (“Cover Letter”); the second provides Qwest’s substantive response to APCC Services’ FOIA request (“FOIA Response”). Except to the extent indicated otherwise, the following discussion relates to the substantive FOIA Response.

At the outset, APCC Services takes issue with Qwest’s characterization of its attempt to resolve this matter informally. While Qwest may have “painstakingly reviewed the information,” it certainly did not “disclose[] to counsel for APCC the maximum amount of information possible” FOIA Response at 1. Indeed, the opposite is the case. As discussed below, in redacting its submission, Qwest consistently used a broader brush than necessary, resulting in material being redacted that is beyond the scope of Qwest’s proffered basis for exemption.

Qwest also mischaracterizes the parties’ attempt to resolve this matter through Qwest providing the materials pursuant to a non-disclosure agreement (“NDA”). APCC Services proposed this solution to Qwest in order to address Qwest’s concerns about the allegedly proprietary nature of some of the information sought by APCC Services. Qwest’s counsel

initially agreed that it was an approach that should be explored by the parties, and, on that basis sought a brief extension from the Commission. Subsequently, however, Qwest's counsel informed APCC Services that Qwest was unwilling to even explore the NDA approach and proceeded with the filing of the FOIA Response without any meaningful negotiation between the parties.

As for Qwest's suggestion that APCC Services is using its FOIA request "as a discovery tool outside the context," of the parties ongoing court litigation, Qwest has no right under the FOIA statute to question APCC Services motives for its FOIA request, and APCC Services does not intend to justify its request.¹ That said, APCC Services does not contest that the subject material would be relevant to the parties' litigation and fully expects the material to be preserved during the pendency of the litigation but that does not exempt the Commission from making it available if it is otherwise within the scope of FOIA.

Turning now to the particulars of Qwest's response, APCC Services observes that it is deficient in several respects including:

1. As mentioned above, throughout its response, Qwest has been over-broad in its redactions given its stated basis for exemption. For example, there are numerous instances where Qwest asserts that it is redacting material in order to avoid disclosing the identity of a customer. In many instances, however, rather than simply redact the customer's name and any identifying details, Qwest has improperly redacted entire blocks of text, making it impossible for APCC Services to assess whether the redaction is proper. For example, with respect to response number 2.a of Qwest's October 4, 2006 Response, Qwest asserts the identity of a customer as the basis for redaction. Yet Qwest then redacts an entire block of text. Qwest follows this same improper approach with respect to the majority of its responses in its September 14, 2007 Response. In light of the extensive redactions made by Qwest, and APCC Services resulting inability to meaningfully assess whether those redactions are appropriate, APCC Services can only rely on the Commission's thorough review to ensure that APCC Services receives all the materials to which it is entitled under the FOIA statute.

¹ Indeed, the very case that Qwest cites says only that the discoverability of information is not a justification for production of the information pursuant to FOIA. Contrary to the implication left by Qwest's characterization, the case does *not* say that information subject to discovery is not subject to FOIA. In fact, the case says just the opposite: "That Freedom of Information material may be useful in pending litigation may not bar a litigant's invocation of the Act." *Duncan v. United States Civil Service Commission*, 426. F. Supp 41, 43 (ED La 1976).

2. Qwest references emails exchanged with Commission Staff reflecting the negotiation of the scope of Qwest's responses to the Commission, but does not provide the emails. Those emails clearly fall within the scope of APCC Services' FOIA and APCC Services is entitled to them. While Qwest's response states that it is producing all the correspondence enumerated in the Bureau's letter of July 28, 2010 (*see* Cover Letter at 1-2), the Bureau's letter was explicit that the enumerated items were not totally inclusive. *See* Letter to Hirasha Bastiampallai from Hillary S. DeNigro (July 28,2010).²
3. In many instances, Qwest's description of redacted material is wholly inadequate for APCC Services to discuss whether Qwest's stated basis for exemption is applicable. For example, in attempting to justify the redaction of essentially its entire November 6, 2008 Response, Qwest explains that its ordering and testing of "provisioning processes and the manner in which it routes and tests calls" is proprietary. While, as discussed below, there could be some proprietary information relating to how Qwest performs those tasks, its description is so broad and lacking in detail that it is impossible to assess whether Qwest's redaction of its entire discussion of the matter is appropriate.

In light of the above, unless and until Qwest corrects the deficiencies in its FOIA Response, APCC Services has little ability to assess whether Qwest's proposed redactions are appropriate given Qwest's stated bases for exemption.

More fundamentally, APCC Services believes that in many cases Qwest is not entitled to the exemption in claims. For example, Qwest's justification for its redaction of several paragraph-long passages regarding its ordering, provisioning, and testing of Flex ANI is that the processes represent "trade secrets." Qwest over-reaches in so arguing. While FOIA protects truly proprietary information, Qwest cannot claim that routine ordering and testing procedures meet that standard. And while there may be proprietary software of some sort involved in implementing the processes, APCC is not seeking access to source code or anything of the sort. APCC is simply seeking a description of and the steps in the process, to know whether there are procedures to ensure that "handshakes" have occurred between interfaces, not the parameters of the signalling to accomplish the handshakes. If Qwest's view were in fact the state of the law, then almost every corporate procedure would be subject to the exemption, which is obviously contrary to the spirit and the letter of the FOIA statute.

As mentioned above, given the paucity of the information that Qwest has provided to justify its proposed redactions, APCC Services is handicapped in its ability to contest the FOIA Response. APCC Services must therefore rely on the Commission's independent review of the

² Qwest does not make an explicit claim of confidentiality for the emails so it is unclear whether they will be produced by the Commission.

Mr. David Janas
Page 4
September 13, 2010

materials provided by Qwest. As President Obama's FOIA Memorandum makes clear, that review must be undertaken with a "presumption in favor of disclosure;" "in the face of doubt, openness prevails." See Presidential Memorandum for Heads of Executive Departments and Agencies Concerning the Freedom of Information Act, 74 Fed. Reg. 4683 (Jan 21, 2009).

Thank you for your consideration.

Sincerely,

Albert H. Kramer

Re: FOIA Control No. 2010-492 – September 2, 2010 Qwest Response to
July 28, 2010 Freedom of Information Act Request of American Public
Communications Council

Dear Mr. Janas:

Attached please find the response of Qwest Communications Company, LLC (Qwest) f/k/a Qwest Communications Corporation to the above-referenced FOIA request of the American Public Communications Council (APCC).

Qwest has made a good faith effort to attempt to resolve this issue informally. Qwest has painstakingly reviewed the information and disclosed to counsel for APCC the maximum amount of information possible without implicating the privacy interests of its customers and its own commercial and proprietary interests, as reflected in the attached redacted document.

Basis for Redactions and Objections

It should be noted that Qwest, along with other interexchange carriers, is currently involved in major litigation with APCC and the additional information APCC is seeking could potentially be subject to a discovery request(s) in that litigation. These facts suggest that APCC is seeking to utilize the FOIA process as a supplemental discovery mechanism to provide it a strategic advantage in that litigation.¹ In the litigation, the parties are currently involved in court-ordered joint data analysis, and formal discovery has been stayed until that analysis can be completed. Yet, via the FOIA process, APCC is seeking confidential and proprietary information that could

¹ Qwest by no means is conceding that said information is discoverable, and, in fact, would contend that such determinations fall within the purview of the federal district court at such time that the parties do commence discovery in their ongoing litigation.

potentially be discoverable in the litigation, but is beyond the scope of the current joint analysis. Qwest is concerned that APCC is using this FOIA response as a discovery tool outside the context of that litigation. The fact that the additional information pertains to Qwest's FLEX ANI practices - which was an ancillary issue in the Enforcement Bureau's investigation but may be more germane to the litigation -- only serves to heighten Qwest's concern.

The Freedom of Information Act was not intended to be used as discovery tool. *NLRB v. Robbins Tire and Rubber Co.*, 437 U.S. 214, 240 (1978); *Electri-Flex Co. v. NLRB*, 412 F. Supp. 698 (ND Ill 1976); *see also, Duncan v. United States Civil Service Com.*, 426 F. Supp. 41 (ED La 1976) (Although the Freedom of Information material may be useful in pending litigation, it is non sequitur to conclude that utility of information in pending suit warrants its production under 5 U.S.C.S. § 552; § 552 is designed to make records available to public, not to broaden scope of discovery in pending litigation). The fact that APCC persists in seeking additional information, and, in particular, information pertaining to FLEX ANI, and given the current posture of the parties' litigation, this FOIA request, at its root, appears to circumvent the discovery process and the purposes of the Freedom of Information Act.

Qwest did give considerable thought to, and discussed with counsel for APCC, the possible use of a nondisclosure agreement to facilitate the disclosure of the information, but ultimately determined that a NDA would not adequately protect the privacy rights of its customers and/or the protected commercial and proprietary interests of Qwest, and would risk Qwest's compliance with its own regulatory obligations. As the tables below discuss in more granular detail, the redacted information primarily involves: i) information identifying Qwest's customers and the services and facilities they utilize; ii) information pertaining to Qwest's business processes with dealing with FLEX ANI; and iii) information pertaining to Qwest's network configuration and equipment.

As discussed in more detail in the next section, such information pertaining to Qwest's customers is customer proprietary network information (CPNI) protected under the Act. Moreover, Qwest's business processes, particularly as they relate to FLEX ANI, constitute a trade secret as well as confidential commercial information. Qwest's evaluation of FLEX ANI, which is a service feature identifying the class of service of the transmitted call, has revealed that carriers do not have uniform processes in terms of FLEX ANI practices. Qwest prides itself on the fact that its FLEX ANI process ensures that payphone service providers are fully compensated and therefore, among other things, reduces the billing issues for its switch-based resale customers and non-facilities based resellers. This is clearly an attractive feature for such customers and disclosure of Qwest's internal processes would enable another carrier to use that information to try to bridge that competitive gap. Qwest's FLEX ANI process is part of the suite of services that Qwest provides its end users to reduce their administrative burdens and prevent the possibility of having unexpected surcharges invoiced months later which said customer would either have to attempt to collect from its end user or absorb itself.

The redacted information also includes detailed discussions of how Qwest orders, provisions, maintains and tests facilities which again go to the very heart of the service it provides to its customers. If this information was made public, competitors would have an unobstructed vision

into Qwest's network. Qwest is also concerned for the public disclosure of this information for reasons of cybersecurity and network security more generally. In addition, the information goes into switch and trunk details of the facilities Qwest purchases from other carriers, thus, exposing their network information as well in contravention of Section 222(a) and (b) of the Act. And finally the granular discussions of switch provisioning and features implicate proprietary vendor information which Qwest is required to protect pursuant to its contracts with those vendors as well as Section 222(a) of the Act.

A review of APCC's FOIA request and Qwest's response will clearly demonstrate that Qwest has appropriately and reasonably balanced the goal of information disclosure under the Freedom of Information Act with the protected rights and interests of its customers and itself, consistent with FOIA Exemption 4 and Qwest's statutory duties under Section 222 of the Act.

Applicable Standard Regarding Disclosure of Information

The table below provides the basis for each of Qwest's redactions to the various documents included in its responses to APCC's FOIA request. For each redaction, Qwest relied upon either the FOIA trade secret exemption/confidential commercial information or the protection of CPNI and other proprietary information as provided for in Section 222 of the Communications Act of 1934, as amended.

I. FOIA Exemption 4

The Commission's rules identify certain records that are not routinely available for public inspection pursuant to the Freedom of Information Act. 47 C.F.R. § 0.457. The exemption most relevant to Qwest's response is the one for "trade secrets and commercial or financial information obtained from any person and privileged or confidential--categories of materials not routinely available for public inspection, 5 U.S.C. 552(b)(4) and 18 U.S.C. 1905." 47 C.F.R. §0.457(d). The Commission's rule requires that the requesting party must provide "[a] persuasive showing as to the reasons for inspection . . . in requests submitted under § 0.461 for inspection of such materials."

Voluntarily provided information is "confidential" for the purpose of Exemption 4 if it is of a kind that "would customarily not be released to the public by the person from whom it was obtained."² In balancing interests for and against disclosure of already-exempted information, "the Commission has been sensitive to ensuring that the fulfillment of its regulatory responsibilities does not result in the unnecessary disclosure of information that might put its regulatees at a competitive disadvantage. Accordingly, the Commission generally has exercised

² *Critical Mass Energy Project v. NRC*, 975 F.2d 871, 879 (D.C. Cir. 1992), *cert. denied*, 507 U.S. 984 (1993).

its discretion to release publicly information falling within FOIA Exemption 4 only in very limited circumstances.”³

For purposes of FOIA exemption from disclosure, a “Trade Secret” is a secret, commercially valuable plan, formula, process, or device that is used for the making, preparing, compounding, or processing of trade commodities and that can be said to be the end product of either innovation or substantial effort. *Herrick v. Garvey*, 200 F. Supp. 2d 1321 (D. Wyo. 2000) (subsequent case history omitted). For example, manufacturing formulas, processes, quality control and internal security measures are protected from disclosure because agencies rely heavily on such information, and would be less likely to obtain it if businesses feared it would be made public. *Bowen v. U.S. Food & Drug Admin.*, 925 F.2d 1225 (9th Cir. 1991).

The trade secret exemption serves the important function of protecting the privacy and the competitive position of the citizen who offers information to assist government policy makers. *Bristol-Myers Co. v. Federal Trade Com.*, 424 F.2d 935 (D.C. Cir.), *cert. denied*, 400 U.S. 824, 27 L. Ed. 2d 52, 91 S. Ct. 46 (1970). To demonstrate that FOIA’s trade secrets exemption shelters particular documents from disclosure, agency is only required to show that the information contained in the documents is (1) commercial or financial, (2) obtained from a person and (3) privileged or confidential. 5 U.S.C.A. § 552(b)(4). *Flightsafety Services Corp. v. Department of Labor*, 326 F.3d 607, 611 (5th Cir. 2003).

In determining whether the FOIA trade secrets exemption applies, the terms “commercial” and “financial” are to be given their ordinary meanings. 5 U.S.C.A. § 552(b)(4). *National Community Reinvestment Coalition v. National Credit Union Admin.*, 290 F. Supp. 2d 124, 133 (D.D.C. 2003). Congress clearly indicated that Exemption 4 as a whole could cover such materials as “business sales statistics, inventories, customer lists, [and] scientific or manufacturing processes or developments,” H.R. REP. No. 1497, 89th Cong., 2^d Sess. 10, reprinted in 1966 U.S. CODE CONG. & AD. NEWS 2418, 2427.

Likewise, a “person” under the exemption is defined broadly to include individuals, partnerships, corporations, associations, and private or public organizations other than government agencies. *Nadler v. FDIC*, 899 F. Supp. 158 (S.D.N.Y. 1995), *aff’d*, 92 F.3d 93 (2^d Cir. 1996). Further, the term “privileged” has been construed as referring to material that falls within recognized constitutional, statutory or common law privileges. *Sharyland Water Supply Corp. v. Block*, 755 F.2d 397 (5th Cir. 1985), *cert. denied*, 471 U.S. 1137, 86 L Ed 2d 697, 105 S. Ct. 2678 (1985).

Finally, there is no need for the party seeking to protect trade secrets and other privileged commercial or financial information from disclosure to prove that disclosure would cause it substantial competitive harm. Rather, the party seeking to protect the information need only demonstrate that competitive harm would be likely. 5 U.S.C.A. § 552(b)(4). *Boeing Co. v. U.S. Dept. of the Air Force*, 616 F. Supp. 2d 40 (D.D.C. 2009).

³ *In the Matter of Examination of Current Policy Concerning the Treatment of Confidential Information Submitted to the Commission*, Report and Order, 13 FCC Rcd 24816, 24822-23 ¶ 8 (1998); see also *id.* at 24827-28 ¶¶ 15-16.

II. Customer Proprietary Network Information/Section 222

In regard to the confidentiality of CPNI, Section 222 of the Act provides:

(1) Privacy requirements for telecommunications carriers. Except as required by law or with the approval of the customer, a telecommunications carrier that receives or obtains customer proprietary network information by virtue of its provision of a telecommunications service shall only use, disclose, or permit access to individually identifiable customer proprietary network information in its provision of (A) the telecommunications service from which such information is derived, or (B) services necessary to, or used in, the provision of such telecommunications service, including the publishing of directories.

47 U.S.C.S. § 222(c)(1).

Section 222 provides the following pertinent definitions:

(1) Customer proprietary network information. The term "customer proprietary network information" means--

(A) information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and

(B) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier; except that such term does not include subscriber list information.

47 U.S.C.S. § 222(h).

Finally, Section 222(a) of the Act imposes a duty on Qwest "to protect the confidentiality of proprietary information of, and relating to, other telecommunication carriers, equipment manufacturers, and customers, including telecommunication carriers reselling telecommunications services provided by a telecommunications carrier." Section 222(b) requires that a telecommunications carrier like Qwest "that receives or obtains proprietary information from another carrier for purposes of providing any telecommunications service shall use such information only for such purpose, and shall not use such information for its own marketing efforts."

In the tables below, the basis for the redaction/objection is either specified as "Trade Secret" or "CPNI/Section 222" as the terms are defined above. Public release of the

RESPONSE NUMBER	BASIS FOR REDACTION/OBJECTION	DESCRIPTION OF REDACTED INFORMATION OR DOCUMENT NOT PRODUCED
Introduction	FOIA Exemption 4 – Trade Secret and Confidential Commercial Information	The response discusses Qwest’s business processes in regard to monitoring and addressing issues pertaining to calls transported on its network. A competitor could leverage this discussion of processes into a competitive advantage.
1. and Attachment A	CPNI /Section 222(a) FOIA Exemption 4 – Confidential Commercial Information and Trade Secret	The response discusses the nature and volume of services provided to Qwest’s customers. The response also discusses the nature and volume of traffic on Qwest’s network including analytical and diagnostic information about the calls on Qwest’s network. A competitor could utilize this information to its competitive advantage.
1.a. and Attachments B, C, and D	CPNI /Section 222(a) FOIA Exemption 4 – Confidential Commercial Information And Trade Secret	The response identifies Qwest customers and facilities that the Qwest customers utilize. The response discusses the nature of various ordering processes Qwest utilizes in regard to procuring network facilities to route its traffic and particular vendors that it utilizes. The attachments contain detailed circuit,

		switch and routing information all of which is commercially sensitive information because competitors can identify routes served by Qwest. The documents also contain billing account information.

Re: FOIA Control No. 2010-492

Dear Al:

Pursuant to our earlier discussion and our mutual desire to attempt, at the request of Commission staff, voluntary resolution of the American Public Communications Council's ("APCC") FOIA request, and with the objective of minimizing all parties' future expenditure of resources, we have attached the information subject to your FOIA request for which Qwest does not intend to seek continued nondisclosure. Qwest has excluded or otherwise redacted information that is subject to FOIA Exemption 4 or otherwise subject to legal restrictions on its disclosure, and for which Qwest will request continued nondisclosure should you proceed with your FOIA request. We are also including a document log that provides on a document-by-document and response-by-response basis, the basis for our redaction of information or objection to the production of said document. We also provide a description of the information redacted or the document subject to the objection.

Additionally, and also pursuant to our earlier discussion, and request of Commission staff, and after you have had a chance to review the response, I will make myself available to discuss, and hopefully resolve, any outstanding issues that may remain in regard to the response.

We are transmitting this cover letter and the document log via email and in hard copy via courier; the redacted documents are being transmitted in hard copy via courier only.

Sincerely,

/s/Harisha J. Bastiampillai

Re: FOIA Control No. 2010-492 – Response to July 28, 2010 Letter
Concerning File No. EB-06-IH-2959

Dear Mr. Janas:

Qwest Communications Company, LLC (Qwest), f/k/a Qwest Communications Corporation, hereby responds to the letter of July 28, 2010 of the Enforcement Bureau in the above-referenced matter.¹ Enclosed with this correspondence are redacted versions of the following Qwest letters previously filed in non-redacted format with the Enforcement Bureau in File No. EB-06-IH-2959,² as referenced on the first and second pages of the July 28, 2010 letter:

¹ On August 4, 2010, the Enforcement Bureau granted Qwest's request to extend the due date for submitting this Response until August 25, 2010. In connection with this extension grant, on August 25, 2010, Qwest provided Mr. Albert Kramer of Dickstein Shapiro LLC, counsel for American Public Communications Council, with a copy set of the redacted documents enclosed with this correspondence (a copy of the cover letter associated with the transmission of the redacted documents on August 25, 2010 is also enclosed). On August 25, 2010, the Enforcement Bureau granted a further extension so that Qwest's response was due September 1, 2010 (the undersigned and counsel for APCC agreed on August 31, 2010 that any response by Qwest would be submitted today, and Qwest memorialized that agreement via a request for an additional extension transmitted to the Bureau on September 1st).

² With one exception, which is described as follows, these letters were filed in hard copy in non-redacted format with the Enforcement Bureau in File No. EB-06-IH-2959. The exception is the letter of April 13, 2007, which was transmitted via electronic mail to the Enforcement Bureau. Qwest has gone ahead and treated this letter similar to the others and it has redacted the confidential information along the same lines as the other letters. As Qwest mentioned in its letter of April 2, 2009, it has sought confidential treatment of the responses it subsequently submitted in File No. EB-06-IH-2959 consistent with the confidentiality requests and

November 23, 2010

Federal Communications Commission
Attn: Lawrence Schecker
FOIA Office
445 12th Street SW
Washington DC, 20554

Mr. Schecker:

The recent migration of broadcast television to a digital format has deteriorated public safety communications operating within the 500-512 MHz bandwidth in New Jersey.

This interference is very dangerous to all our first responders; police, fire & EMS. During a recent "no comms" event a police officer in Gloucester County was involved in a foot pursuit and our regional communications center had no idea where he was. In Ocean County, firefighters battling a wild fire lost all communications. I can't stress enough how dangerous this is. So far we have avoided tragedy but it is just a matter of time.

The information requested from the FCC will certainly not be used for any commercial venture and will instead be used to understand the full scope of the problem that may be affecting more jurisdictions than we are currently aware. By fully understanding the problem, we hope to work along with the FCC and our State and Federal partners to develop a strategy to fix it.

I am respectfully requesting a fee waiver for the requested information as I believe the disclosure of this material is in the public interest in that first responders in Gloucester, Camden, Burlington, and Ocean Counties provide an invaluable service which is currently in severe jeopardy. Without this material being disclosed, we simply will not have the resources to address this problem.

Respectfully,

J. Thomas Butts
Emergency Response Coordinator
County of Gloucester

1200 N. Delsea Drive
Clayton, NJ 08312

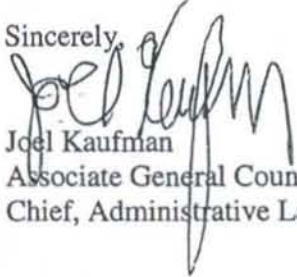

Re: FOIA Control No. 2010-579

Dear Mr. Butts:

This responds to your request for a waiver of fees that would result from your Freedom of Information Act (FOIA) request for records concerning "interference of land mobile radio frequencies in the UHF spectrum by DTV channels 19 and 20 in the New Jersey counties of Mercer, Monmouth, Ocean, Burlington, Camden, Gloucester, Cumberland, Atlantic, Salem, Cape May and the Pennsylvania county of Bucks." Your original FOIA request did not contain a request for a fee waiver, but you sought a fee waiver by your letter dated November 23, 2010.

A FOIA fee waiver is appropriate "when 'disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations and activities of the government and is not primarily in the commercial interest of the requester.' 5 U.S.C. 552(a)(4)(A)(iii)." 47 C.F.R. § 0.470(e). In light of your explanation of the basis for your request, I conclude that a fee waiver should be granted. The time for processing your FOIA request will commence today.

Sincerely,

Joel Kaufman
Associate General Counsel and
Chief, Administrative Law Division

cc: FOIA Officer
EB Northeast Regional Counsel

Re: Freedom of Information Act request for documents related to that certain order released by the Federal Communications Commission ("FCC") on September 3, 2010, in File No. EB-05-IH-0808, *In the Matter of Universal Telecommunications, Inc., Apparent Liability for Forfeiture*.

Dear Mr. Hair:

This firm represents a certain Texas-based company that is interested in obtaining documents relating to the above-referenced order (the "Order"), a true and correct copy of which is enclosed for your ease of reference. This request is submitted pursuant to the Freedom of Information Act, 5 USC § 552 ("FOIA"). The specific documents we are seeking are the following:

1. A copy of the response filed on August 2, 2006, by Universal Telecommunications, Inc. ("Universal") in response to the FCC Enforcement Bureau's Notice of Apparent Liability for Forfeiture ("NAL"), as discussed in paragraph 3 of the Order.
2. A copy of the letter from Trent B. Harkrader, Deputy Chief, Investigations & Hearings Division, Enforcement Bureau, to Ruth Peterson, Universal Telecommunications, Inc., dated July 23, 2007, which is identified in footnote 8 of the Order.
3. A copy of the letter from Adrian L. Ferguson, Universal Telecommunications, Inc., to Vickie Robinson, Assistant Chief,

Investigations & Hearings Division, Enforcement Bureau, FCC,
filed September 26, 2007, which also is identified in footnote 8 of
the Order.

By this letter, we hereby agree to pay such reasonable fees and expenses as may be assessed or incurred by your agency in complying with this request. We are requesting these documents for commercial use as possible evidence in a pending litigation in which no state or federal agency is a party.

Absent unusual circumstances, the statute generally requires a twenty (20) day response period from your agency. To the extent you encounter any unusual circumstances, or if you need to discuss any aspect of this request, please do not hesitate to contact me at the address, phone number or e-mail address above.

Sincerely yours,

MCGUIRE, CRADDOCK & STROTHER, P.C.

Dear Mr. Thomas:

This acknowledges receipt of your Freedom of Information Act (FOIA) request to the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2010-592. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request by or on October 29, 2010. If additional time is needed to respond to your requests you will be notified.

If you have any questions concerning this notice, please call the FOIA Office at (202) 418-0440.

Re: Freedom of Information Act Request
FOIA Control No. 2010-592

Dear Mr. Thomas:

The above-referenced request, submitted under the Freedom of Information Act ("FOIA"), seeks documents related to FCC File No. EB-05-IH-0808. The request was received by our FOIA Control Office on September 30, 2010. The response to this FOIA request was originally due on October 29, 2010, but in an email dated October 28, 2010, you extended the due date for the response to this request until today, November 5, 2010.

We are in the process of reviewing the documents responsive to your request. As required, we endeavor to respond to FOIA requests within 20 working days. However, where a request involves either a large number of documents or requires coordination with other components of the agency, we occasionally require the 10 working day extension provided for in 5 U.S.C. 552(a)(6)(b) (I). Because we have determined that your request requires consultation with other components of the Commission, we are extending the deadline for our response by 10 working days from its original due date, *i.e.*, to November 12, 2010. *Id.*

We appreciate your patience regarding this matter. If you have any questions relating to this FOIA request please contact me at 202-418-7584.

Sincerely,

Judy Lancaster

Re: Freedom of Information Act (FOIA) Request

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 *et seq.*, I request on behalf of Americans for Limited Government (ALG) copies of the federal records described below. These records pertain to communications to or from any Commissioner of the Federal Communications Commission (FCC) or their immediate staff and the following individuals:

1. Alan Davidson
2. Frannie Wellings
3. Harry Wingo
4. Jennifer Taylor
5. Johanna Shelton
6. Pablo Chavez
7. Richard Whitt
8. Seth Webb
9. Will DeVries

Please provide copies of all records of communications and the communications themselves between any FCC Commissioner or their immediate staff and the persons named above. Please provide copies of any such records that were created on or after January 20, 2009.

Further Definition of Records Sought

The term "record" should be construed to mean any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports,

books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, interoffice and intra-office communications, electronic mail (e-mail), contracts, cables, notations of any type of conversation, telephone calls, meetings or other communications, bulletins, printed matter, computer printouts, teletypes, invoices, transcripts, diaries, analyses, returns, summaries, minutes, bills, accounts, estimates, projections, comparisons, messages, correspondence, press releases, circulars, financial statements, reviews, opinions, offers, studies and investigations, questionnaires and surveys, and work sheets (and all drafts, preliminary versions, alterations, modifications, revisions, changes, and amendments of any of the foregoing, as well as any attachments or appendices thereto), and graphic or oral records or representations of any kind (including without limitation, photographs, charts, graphs, voicemails, microfiche, microfilm, videotape, recordings and motion pictures), and electronic and mechanical records or representations of any kind (including, without limitation, tapes, cassettes, disks, computer server files, computer hard drive files, CDs, DVDs, memory sticks, and recordings) and other written, printed, typed, or other graphic or recorded matter of any kind of nature. A record bearing any notation not a part of the original text is to be considered a separate record. A draft of a non-identical copy is to be construed as a separate record.

The term "relating" and "regarding" with respect to any given subject, should be construed to mean anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with or is in any manner whatsoever pertinent to that subject.

The inclusion and description of particular records in this request should not be construed to eliminate other records that are not described in particular detail if they should exist in another format.

Procedure Regarding Records Exempt from Disclosure

Given the nature of the records requested I anticipate that the vast majority of any responsive records will be of the type required to be released under FOIA. However, in the event that records exist that FOIA does not require to be released I request that they be released regardless unless the failure to release such records can be justified based upon sound reasoning related to one of the statutory exemptions or exceptions in FOIA and there is a patently manifest danger of significant harm that would occur from release of such records, *e.g.*, danger to health or safety of an individual.

Further, the FCC should be reminded of the policy in favor of disclosure mandated by President Barack Obama on January 26, 2009. President Obama instructed the executive departments and agencies to operate with a presumption towards disclosure. On this point the President stated as follows:

A democracy requires accountability, and accountability requires transparency. As Justice Louis Brandeis wrote, "sun-light is said to be the best of disinfectants." In our democracy, the Freedom of Information Act (FOIA), which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government. At the heart of that commitment is the idea that accountability is in the interest of the Government and the citizenry alike.

The Freedom of Information Act should be administered with a clear presumption: In the face of doubt, openness prevails. The Government should not keep information confidential merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears. Nondisclosure should never be based on an effort to protect the personal interests of Government officials at the expense of those they are supposed to serve. In responding to requests under the FOIA, executive branch agencies (agencies) should act promptly and in a spirit of cooperation, recognizing that such agencies are servants of the public. Freedom of Information Act, Memorandum for the Heads of Executive Departments and Agencies, 74 Fed. Reg. 4683 (January 26, 2009.)

These instructions from the President were followed up by further instructions from Attorney General Eric Holder on March 19, 2009. The Attorney General stated as follows:

First, an agency should not withhold information simply because it may do so legally. I strongly encourage agencies to make discretionary disclosures of information. An agency should not withhold records merely because it can demonstrate, as a technical matter, that the records fall within the scope of a FOIA exemption.

Second, whenever an agency determines that it cannot make full disclosure of a requested record, it must consider whether it can make partial disclosure. Agencies should always be mindful that the FOIA requires them to take reasonable steps to segregate and release nonexempt information. Even if some parts of a record must be withheld, other parts either may not be covered by a statutory exemption, or may be covered only in a technical sense unrelated to the actual impact of disclosure. The Freedom of Information Act (FOIA), Attorney General Memorandum for Heads of Executive Departments and Agencies, March 19, 2009.

Based on this policy I believe that there will be no records sought that the FCC will

withhold. However, in the event that records are withheld I request to be provided with the following information:

1. Reason each record is not being produced;
2. Type of record withheld;
3. Subject matter of record withheld; and
4. Date, author, and addressee, if applicable of the record.

Further, I request that the above information be indexed by individual record and comply with *Vaugh v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), by providing information sufficient for a reasonable person to be able to ascertain whether the record sought is actually exempt from disclosure.

Request for Waiver of Fees

The information sought by ALG in this FOIA request will be used to better the public's understanding of how the FCC is spending the taxpayers' money. As such the public good that will occur in disclosing the information sought in and of itself weighs strongly in favor of a fee waiver. Further, the information sought is "in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). ALG regularly publishes information on the activities, structure, and operations of the federal government. This information is distributed to a large number of diverse individuals across the entire nation. The records sought are of the type which ALG regularly provides to the public through its publications and website, www.getliberty.org. As such granting the request to waive fees is in the public interest. Further, "Congress intended that the public interest standard be liberally construed and that fees not be used as an obstacle to disclosure of requested information." (*Emphases added.*) *Eudey v. Central Intelligence Agency*, 478 F.Supp. 1175 (D.D.C. 1979), (*Internal citations omitted.*) The central focus of the analysis in determining whether the fee waiver is in the public interest is whether the public rather than the requestor is the primary beneficiary of the release of the information. "The statute indicates that the issue to be considered by the agency is whether furnishing the information will primarily benefit the public at large or whether any benefit will inure primarily to the specific individual requesting the documents." *Id.* In the instant case the records sought will be used to further the public's understanding of the operations of the FCC. The records sought will be disseminated widely to parties interested in the workings of the government and as such will not inure primarily to the benefit of the requestor. Therefore the request for waiver of fees should be granted pursuant to 5 U.S.C. § 552(a)(4)(A)(iii).

In the event that a fee waiver is not granted, please inform me before taking any action that would result in the incurrence of fees by ALG.

Conclusion

Pursuant to 5 U.S.C. § 552(a)(6)(A)(i) please provide the requested documents within 20 days. If for some reason all of the requested documents cannot be provided within 20 days I request that documents that are available within the 20 day time period be provided first and that when the remaining documents subsequently become available that they be provided at that time.

I request that any records disclosed pursuant to this request be indexed, to the extent feasible, in such a way as to enable the reader to readily ascertain to which number listed above the responsive records relate. If reasonably possible I request that responsive records be provided in electronic form on either unencrypted CDs or DVDs. If you have any questions as to the medium on which responsive records are to be provided please contact me in advance to sending the medium.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please send the requested records to the following address:

Nathan Paul Mehrens
Counsel
Americans for Limited Government
9900 Main Street
Suite 303
Fairfax, VA 22031

If you have any questions regarding this FOIA request please contact Nathan Paul Mehrens at 703.383.0880. I look forward to your reply within 20 business days, as the statute requires. In the event that processing this request will take longer than 10 business days I request that you immediately provide me with an individualized tracking number for my request.

Thank you in advance for your assistance.

Sincerely,

William Wilson
President

Dear Mr. Wilson and Mr. Mehrens:

This acknowledges receipt of your Freedom of Information Act (FOIA) request to the Federal Communications Commission (FCC). Your request has been assigned FOIA control number 2011-093. Agencies are allowed 20 working days to respond to your request, extending this period for an additional 10 working days under certain circumstances. See 5 U.S.C. § 552(a)(6)(A)(i) and 5 U.S.C. § 552(a)(6)(B)(i). We anticipate responding to your request by or on January 6, 2011. If additional time is needed to respond to your requests you will be notified.

If you have any questions concerning this notice, please call the FOIA Office at (202) 418-0440.

Sincerely,

A handwritten signature in cursive script that reads "Shoko B. Hair".

Re: FOIA Control No. 2011-093
Request for Fee Waiver

Dear Mr. Wilson:

This responds to your request on behalf of Americans for Limited Government (ALG) for a waiver of fees for processing the above-referenced Freedom of Information Act (FOIA) request.¹ For the reasons that follow, we deny the fee waiver request.

The FOIA provides that a waiver or reduction of FOIA fees will be granted only "if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester."² Thus, to qualify for a fee waiver, the requester must demonstrate specifically how disclosure of the materials sought will contribute to the public's understanding of the operations or activities of the government.³ The statutory standard requires a showing both that the information requested would significantly add to public understanding and that the information will actually be disseminated to the public, in addition to a showing that the FOIA request primarily serves a public, not commercial, purpose.⁴

ALG's request seeks records that "pertain to or from any Commissioner of the Federal Communications Commission (FCC) or their immediate staff and the following

¹ See Letter from William Wilson to FOIA Officer (Dec. 7, 2010) (Request).

² 5 U.S.C. § 552(a)(4)(A)(iii); see also 47 C.F.R. § 0.470(e) (criteria for granting a fee waiver).

³ See *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987) (*MESS*) (requiring an explanation with "reasonable specificity how disclosure will contribute to public understanding"), citing *National Treasury Employees Union v. Griffin*, 811 F.2d 644, 647 (D.C. Cir. 1987) (burden is on the requester to identify and demonstrate with "reasonable specificity" the public interest to be served).

⁴ See 47 C.F.R. § 0.470(e)(2) (factors relevant to statutory standard).

[nine] individuals.”⁵ The individuals are: 1. Alan Davidson, 2. Frannie Wellings, 3. Harry Wingo, 4. Jennifer Taylor, 5. Johanna Shelton, 6. Pablo Chavez, 7. Richard Whitt, 8. Seth Webb, and 9. Will DeVries.

ALG’s contends that the fees charged for processing this request should be waived or reduced, because the information sought will be used to “better the public’s understanding of how the FCC is spending the taxpayers’ money.”⁶ ALG further states that it regularly publishes information on the activities, structure, and operations of the government through its publications and website and that the information will be disseminated widely to parties interested in the workings of the government. According to ALG, the information will therefore primarily benefit the public and not ALG.⁷

ALG provides no information as to the affiliations of these individuals, the subject matter of the communications sought, or why these communications have any particular significance that would contribute significantly to public understanding of the operations of activities of the government.⁸ Individuals routinely communicate with the Commission on a wide variety of issues for a wide variety of reasons. Much of this dialog is reflected in the public record associated with the various proceedings pending before the Commission.⁹ ALG attributes no specific significance to communications by these individuals and apparently assumes that any communication between the Commission and an outside party might potentially contribute to public understanding of the operations or activities of the government. Such broad speculation is insufficient to support a request for fee waiver.¹⁰

The Office of General Counsel has been assigned to process your request and will be in touch concerning fees for processing the request if ALG decides to proceed without a fee waiver.¹¹ Pursuant to the Commission’s rules, the period for responding to ALG’s FOIA request is tolled pending the resolution of the fee waiver issue and the clarification or any other fee issues.¹²

STATEMENT OF FACTS

Appellant, Americans for Limited Government, (Appellant) filed a request under the federal Freedom of Information Act (FOIA), 5 U.S.C. § 552 *et seq.* with the Federal Communications Commission (FCC) on December 7, 2010. A copy of that FOIA request is attached as Appendix 1.

In its FOIA request Appellant sought production from the FCC of specifically described federal records that pertain to communications to or from any Commissioner of the FCC and group of nine identified individuals. Appellant's request for records read as follows:

These records pertain to communications to or from any Commissioner of the Federal Communications Commission (FCC) or their immediate staff and the following individuals:

1. Alan Davidson
2. Frannie Wellings
3. Harry Wingo
4. Jennifer Taylor
5. Johanna Shelton
6. Pablo Chavez
7. Richard Whitt
8. Seth Webb
9. Will DeVries

Please provide copies of all records of communications and the communications themselves between any FCC Commissioner or their immediate staff and the persons named above. Please provide copies of any such records that were created on or after January 20, 2009.

In its FOIA request Appellant sought a fee waiver due to the public benefit that disclosing these records will provide.

Joel Kaufman, Associate General Counsel and Chief of the Administrative Law Division for the FCC's Office of General Counsel, by letter dated December 29, 2010, denied the fee waiver request on the grounds that "ALG provides no information as to the affiliations of these individuals [the nine individuals listed above], the subject matter of the communication sought, or why these communications have any particular significance that would contribute significantly to public understanding of the operations of activities of the government." A copy of that denial is attached as Appendix 2.

Appellant identified nine individuals and requested all records of their communications between themselves and any FCC commissioner and their staff. Appellant limited its request to those communications created on or after January 20, 2009. A cursory search of the individuals named will reveal that they all have a connection to the internet giant, Google, as either employees or lobbyists. Appellant believes their communications will focus on the discussion of FCC internet policy, such as the recent "net neutrality" rules promulgated by the FCC. Appellant believes that the requested records would significantly contribute to public understanding of the operations of activities of the FCC as explained below.

SUMMARY OF THE ARGUMENT

Appellant is entitled to a fee waiver because it has reasonably identified the records it is seeking, which have a direct correlation between nine identified individuals and how the FCC makes its policy. Furthermore, the records sought will significantly

increase the public understanding of the operations or activities of the FCC. The Appellant does not have a commercial interest in the records, and thus, should be considered a "representative of news media" under 47 C.F.R. § 0.470(a)(2). Therefore, Appellant should be granted a fee waiver.

ARGUMENT

THE FEE WAIVER PROVISIONS FOUND IN THE FOIA EXIST TO FURTHER SIGNIFICANTLY THE PUBLIC UNDERSTANDING OF THE GOVERNMENT AND ARE TO BE LIBERALLY CONSTRUED

The information sought by Appellant in its FOIA request concerns the operations or activities of the FCC and will be used to better the public's understanding of how the FCC is reaching its decisions on internet regulation and spending taxpayer money. As such the public good that will occur in disclosing the information sought in and of itself weighs strongly in favor of a fee waiver. Further, the information sought is "in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). Appellant regularly publishes information on the activities, structure, and operations of the federal government. This information is distributed to a large number of diverse individuals across the entire nation. The records sought are of the type which Appellant regularly provides to the public through its publications and website, www.getliberty.org. As such granting the request to waive fees is in the public interest. Further, "Congress intended that the

public interest standard be liberally construed and that fees not be used as an obstacle to disclosure of requested information." (Emphasis added.) *Eudey v. Central Intelligence Agency*, 478 F.Supp. 1175, 1177 (D.D.C. 1979). (Internal citations omitted.) The central focus of the analysis in determining whether the fee waiver is in the public interest is whether the public rather than the requestor is the primary beneficiary of the release of the information. "The statute indicates that the issue to be considered by the agency is whether furnishing the information will primarily benefit the public at large or whether any benefit will inure primarily to the specific individual requesting the documents." *Id.* In the instant case the records sought will be used to further the public's understanding of the operations of the FCC. The records sought will be disseminated widely to parties interested in the workings of the government and as such will not inure primarily to the benefit of the requestor. Therefore the request for waiver of fees should be granted pursuant to 5 U.S.C. § 552(a)(4)(A)(iii).

I. APPELLANT'S REQUEST IS IN THE PUBLIC INTEREST BECAUSE IT IS LIKELY TO CONTRIBUTE SIGNIFICANTLY TO PUBLIC UNDERSTANDING OF THE OPERATIONS OR ACTIVITIES OF THE FCC, AND THUS APPELLANT'S REQUEST FOR A FEE WAIVER SHOULD BE GRANTED

In further support of its argument Appellant submits the following further analysis of the factors found in the FCC's FOIA regulation related to fee waivers found at 47 C.F.R. § 0.470 *et seq.*

The FCC's FOIA regulation at 47 C.F.R. § 0.470(e)(2) lists three factors that are to be used in determining whether disclosure is in the public's interest and likely to

contribute significantly to public understanding of the operations or activities of the government. As discussed below, Appellant meets these factors, and therefore qualifies a for fee waiver.

A. 47 C.F.R. § 0.470(e)(2)(i) APPELLANT'S REQUEST CONCERNS THE OPERATIONS OR ACTIVITIES OF THE FEDERAL GOVERNMENT

The FCC's regulation at 47 C.F.R. § 0.470(e)(2)(i) contains the first factor to be used in determining whether a fee waiver should be granted. That factor is, "Whether the subject of the requested records concerns the operations or activities of the government." The records Appellant requested are communications between nine individuals who have an affiliation to internet giant, Google, and FCC Commissioners and their staff. The Commission has written and is in the process of writing regulations that will affect the future of internet use, something that Google is heavily invested in. The records sought by Appellant relate to how FCC is influenced in the writing of these regulations. For instance, FCC recently released their "net neutrality" regulations that curiously exempt Google.¹ The records sought by Appellant relate solely to how the government, *i.e.*, FCC is (1) operating on the issue of writing these regulations, and (2) what activities, meetings, etc. have occurred in furtherance of the government's operations on this issue. Appellant does not seek any records that do

¹ See, Mike Martin, *FCC's Net Neutrality: Have It Google-Verizon's Way*, E-COMMERCE TIMES, December 22, 2010, available online at <http://www.ecommercetimes.com/rssstory/71519.html?wlc=1295474504> (accessed on January 28, 2011).

not concern the operations or activities of the government. Therefore the criteria in 47 C.F.R. § 0.470(e)(2)(i) is met.

B. 47 C.F.R. § 0.470(e)(2)(ii) DISCLOSURE OF RECORDS REQUESTED BY APPELLANT IS LIKELY TO CONTRIBUTE TO THE PUBLIC'S UNDERSTANDING OF GOVERNMENT OPERATIONS AND ACTIVITIES

As stated above, the records sought are communications between nine identified individuals and the Commissioners and their staff. These communications have not previously been reported on in the public domain. As such the public has little or no current understanding of these communications. Therefore any disclosure of these records will increase the public's understanding of Google's influence on the FCC regulations. Upon receipt of the requested records Appellant will perform extensive analysis of these communications (records). Appellant has an experienced research and legal staff who will carefully scrutinize any responsive records provided. We will compare how statements made in these communications line up with official policy positions of the FCC. We will perform analysis of the timing of communications found in these records to better understand how these communications, if any, impacted the FCC's decision making and implementation processes during the time period specified in the FOIA request. After completing that analysis Appellant will publish its findings using the media described below. The records sought will significantly improve the understanding of the public as to the operation and activities of the FCC.

**C. 47 C.F.R. § 0.470(e)(2)(iii) DISCLOSURE OF THE REQUESTED INFORMATION
WILL CONTRIBUTE TO PUBLIC UNDERSTANDING AS OPPOSED TO THE
INDIVIDUAL UNDERSTANDING OF THE REQUESTER OR A NARROW
SEGMENT OF INTERESTED PERSONS**

Appellant speaks to a nationwide audience. Appellant maintains a daily news service that is read by tens of thousands of individuals. By way of example, on a typical day our materials are read by over 70,000 individuals. Included in that number are 9,000 editors and publishers, 8,000 bloggers, 4,000 T.V. staff, 5,000 radio talk show personnel, 3,000 political journalists, and 3,000 key individuals in positions within Washington, DC. Many of these 70,000 individuals and their respective entities republish our materials which we provide free of charge and without copyright restriction, allowing for wide dispersal of these materials. For example, within two days one of Appellant's news story items was recently re-published by over 4,500 individual news sources. Additionally, Appellant's staff are regular guests on national T.V. and radio media outlets speaking to hundreds of thousands of individuals at a time regarding the activities of the federal government. The records received from the FCC will be disseminated through these distribution channels. As such, the disclosure of the requested information will contribute to the general public understanding as opposed to an individual understanding of the Appellant or narrow segment of interested persons.

II. 47 C.F.R. § 0.470(e)(3) APPELLANT DOES NOT HAVE A COMMERCIAL INTEREST IN THE DISCLOSURE OF THE REQUESTED DOCUMENTS AND SHOULD THEREFORE BE GRANTED A FEE WAIVER

The FCC's FOIA regulation at 42 C.F.R. § 0.470(e)(3) lists two factors that are used in determining whether disclosure is primarily in the commercial interest of the requester. As discussed below, Appellant meets these factors, and is therefore qualified for a fee waiver.

A. 47 C.F.R. § 0.470(e)(3)(i) APPELLANT DOES NOT HAVE A COMMERCIAL INTEREST THAT WOULD BE FURTHERED BY THE REQUESTED DISCLOSURE

As noted earlier, the central focus of the analysis in determining whether the fee waiver is in the public interest is whether the public rather than the requestor is the primary beneficiary of the release of the information. "The statute indicates that the issue to be considered by the agency is whether furnishing the information will primarily benefit the public at large or whether any benefit will inure primarily to the specific individual requesting the documents." *Eudey*, 478 F.Supp. 1175, 1177 (D.D.C. 1979). In the instant case the records sought will be used to further the public's understanding of the operations of the FCC. The records sought will be disseminated widely to parties interested in the workings of the government and as such will not inure primarily to the benefit of the requestor. Appellant is a nonprofit organization, offering free expert analysis on a variety of policy issues, and welcomes republication of

its materials in order to get the information to as wide an audience as possible.

Therefore Appellant has no commercial interest and in the disclosure of the records, and it's request for waiver of fees should be granted.

B. 47 C.F.R. § 0.470(e)(3)(ii) EXPLANATION OF HOW THE MAGNITUDE OF THE IDENTIFIED COMMERCIAL INTEREST OF THE REQUESTER IS SUFFICIENTLY SMALL, IN COMPARISON WITH THE PUBLIC INTEREST IN DISCLOSURE

Even if Appellant had a commercial interested in the disclosure of the records, that interest would be insignificant compared to benefit inured in the public and the public interest that would be furthered by distribution of these records. Therefore, Appellant is entitled to a fee waiver.

III. APPELLANT IS A REPRESENTATIVE OF THE NEWS MEDIA UNDER 47 C.F.R. § 0.470(a)(2), AND AS SUCH, APPELLANT'S REQUEST FOR A FEE WAIVER SHOULD BE GRANTED

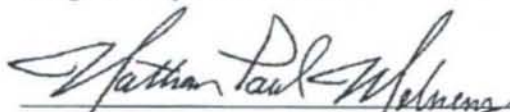

Based on the nature of Appellant's work as described, *supra*, and the previous arguments, Appellant is a representative of news media. As such, the Appellant's request for a fee waiver should be granted.

CONCLUSION

Based on the foregoing Appellant respectfully urges the FCC's General Counsel to reverse its decision and grant Appellant a fee waiver for its FOIA request.

Dated this 28th day of January, 2011.

Respectfully Submitted,

A handwritten signature in cursive script, reading "Nathan Paul Mehrens", written over a horizontal line.

Re: Freedom of Information Act (FOIA) Request

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 *et seq.*, I request on behalf of Americans for Limited Government (ALG) copies of the federal records described below. These records pertain to communications to or from any Commissioner of the Federal Communications Commission (FCC) or their immediate staff and the following individuals:

1. Alan Davidson
2. Frannie Wellings
3. Harry Wingo
4. Jennifer Taylor
5. Johanna Shelton
6. Pablo Chavez
7. Richard Whitt
8. Seth Webb
9. Will DeVries

Please provide copies of all records of communications and the communications themselves between any FCC Commissioner or their immediate staff and the persons named above. Please provide copies of any such records that were created on or after January 20, 2009.

Further Definition of Records Sought

The term "record" should be construed to mean any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports,

books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, interoffice and intra-office communications, electronic mail (e-mail), contracts, cables, notations of any type of conversation, telephone calls, meetings or other communications, bulletins, printed matter, computer printouts, teletypes, invoices, transcripts, diaries, analyses, returns, summaries, minutes, bills, accounts, estimates, projections, comparisons, messages, correspondence, press releases, circulars, financial statements, reviews, opinions, offers, studies and investigations, questionnaires and surveys, and work sheets (and all drafts, preliminary versions, alterations, modifications, revisions, changes, and amendments of any of the foregoing, as well as any attachments or appendices thereto), and graphic or oral records or representations of any kind (including without limitation, photographs, charts, graphs, voicemails, microfiche, microfilm, videotape, recordings and motion pictures), and electronic and mechanical records or representations of any kind (including, without limitation, tapes, cassettes, disks, computer server files, computer hard drive files, CDs, DVDs, memory sticks, and recordings) and other written, printed, typed, or other graphic or recorded matter of any kind of nature. A record bearing any notation not a part of the original text is to be considered a separate record. A draft of a non-identical copy is to be construed as a separate record.

The term "relating" and "regarding" with respect to any given subject, should be construed to mean anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with or is in any manner whatsoever pertinent to that subject.

The inclusion and description of particular records in this request should not be construed to eliminate other records that are not described in particular detail if they should exist in another format.

Procedure Regarding Records Exempt from Disclosure

Given the nature of the records requested I anticipate that the vast majority of any responsive records will be of the type required to be released under FOIA. However, in the event that records exist that FOIA does not require to be released I request that they be released regardless unless the failure to release such records can be justified based upon sound reasoning related to one of the statutory exemptions or exceptions in FOIA and there is a patently manifest danger of significant harm that would occur from release of such records, *e.g.*, danger to health or safety of an individual.

Further, the FCC should be reminded of the policy in favor of disclosure mandated by President Barack Obama on January 26, 2009. President Obama instructed the executive departments and agencies to operate with a presumption towards disclosure. On this point the President stated as follows:

A democracy requires accountability, and accountability requires transparency. As Justice Louis Brandeis wrote, "sun-light is said to be the best of disinfectants." In our democracy, the Freedom of Information Act (FOIA), which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government. At the heart of that commitment is the idea that accountability is in the interest of the Government and the citizenry alike.

The Freedom of Information Act should be administered with a clear presumption: In the face of doubt, openness prevails. The Government should not keep information confidential merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears. Nondisclosure should never be based on an effort to protect the personal interests of Government officials at the expense of those they are supposed to serve. In responding to requests under the FOIA, executive branch agencies (agencies) should act promptly and in a spirit of cooperation, recognizing that such agencies are servants of the public. Freedom of Information Act, Memorandum for the Heads of Executive Departments and Agencies, 74 Fed. Reg. 4683 (January 26, 2009.)

These instructions from the President were followed up by further instructions from Attorney General Eric Holder on March 19, 2009. The Attorney General stated as follows:

First, an agency should not withhold information simply because it may do so legally. I strongly encourage agencies to make discretionary disclosures of information. An agency should not withhold records merely because it can demonstrate, as a technical matter, that the records fall within the scope of a FOIA exemption.

Second, whenever an agency determines that it cannot make full disclosure of a requested record, it must consider whether it can make partial disclosure. Agencies should always be mindful that the FOIA requires them to take reasonable steps to segregate and release nonexempt information. Even if some parts of a record must be withheld, other parts either may not be covered by a statutory exemption, or may be covered only in a technical sense unrelated to the actual impact of disclosure. The Freedom of Information Act (FOIA), Attorney General Memorandum for Heads of Executive Departments and Agencies, March 19, 2009.

Based on this policy I believe that there will be no records sought that the FCC will

withhold. However, in the event that records are withheld I request to be provided with the following information:

1. Reason each record is not being produced;
2. Type of record withheld;
3. Subject matter of record withheld; and
4. Date, author, and addressee, if applicable of the record.

Further, I request that the above information be indexed by individual record and comply with *Vaugh v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), by providing information sufficient for a reasonable person to be able to ascertain whether the record sought is actually exempt from disclosure.

Request for Waiver of Fees

The information sought by ALG in this FOIA request will be used to better the public's understanding of how the FCC is spending the taxpayers' money. As such the public good that will occur in disclosing the information sought in and of itself weighs strongly in favor of a fee waiver. Further, the information sought is "in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). ALG regularly publishes information on the activities, structure, and operations of the federal government. This information is distributed to a large number of diverse individuals across the entire nation. The records sought are of the type which ALG regularly provides to the public through its publications and website, www.getliberty.org. As such granting the request to waive fees is in the public interest. Further, "Congress intended that the **public interest standard be liberally construed** and that fees not be used as an obstacle to disclosure of requested information." (*Emphasis added.*) *Eudey v. Central Intelligence Agency*, 478 F.Supp. 1175 (D.D.C. 1979). (*Internal citations omitted.*) The central focus of the analysis in determining whether the fee waiver is in the public interest is whether the public rather than the requestor is the primary beneficiary of the release of the information. "The statute indicates that the issue to be considered by the agency is whether furnishing the information will primarily benefit the public at large or whether any benefit will inure primarily to the specific individual requesting the documents." *Id.* In the instant case the records sought will be used to further the public's understanding of the operations of the FCC. The records sought will be disseminated widely to parties interested in the workings of the government and as such will not inure primarily to the benefit of the requestor. Therefore the request for waiver of fees should be granted pursuant to 5 U.S.C. § 552(a)(4)(A)(iii).

In the event that a fee waiver is not granted, please inform me before taking any action that would result in the incurrence of fees by ALG.

Conclusion

Pursuant to 5 U.S.C. § 552(a)(6)(A)(i) please provide the requested documents within 20 days. If for some reason all of the requested documents cannot be provided within 20 days I request that documents that are available within the 20 day time period be provided first and that when the remaining documents subsequently become available that they be provided at that time.

I request that any records disclosed pursuant to this request be indexed, to the extent feasible, in such a way as to enable the reader to readily ascertain to which number listed above the responsive records relate. If reasonably possible I request that responsive records be provided in electronic form on either unencrypted CDs or DVDs. If you have any questions as to the medium on which responsive records are to be provided please contact me in advance to sending the medium.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

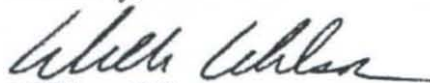

Please send the requested records to the following address:

Nathan Paul Mehrens
Counsel
Americans for Limited Government
9900 Main Street
Suite 303
Fairfax, VA 22031

If you have any questions regarding this FOIA request please contact Nathan Paul Mehrens at 703.383.0880. I look forward to your reply within 20 business days, as the statute requires. In the event that processing this request will take longer than 10 business days I request that you immediately provide me with an individualized tracking number for my request.

Thank you in advance for your assistance.

Sincerely,

William Wilson
President

Federal Communications Commission
Washington, D.C. 20554

Re: FOIA Control No. 2011-093
Request for Fee Waiver

Dear Mr. Wilson:

This responds to your request on behalf of Americans for Limited Government (ALG) for a waiver of fees for processing the above-referenced Freedom of Information Act (FOIA) request.¹ For the reasons that follow, we deny the fee waiver request.

The FOIA provides that a waiver or reduction of FOIA fees will be granted only "if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester."² Thus, to qualify for a fee waiver, the requester must demonstrate specifically how disclosure of the materials sought will contribute to the public's understanding of the operations or activities of the government.³ The statutory standard requires a showing both that the information requested would significantly add to public understanding and that the information will actually be disseminated to the public, in addition to a showing that the FOIA request primarily serves a public, not commercial, purpose.⁴

ALG's request seeks records that "pertain to or from any Commissioner of the Federal Communications Commission (FCC) or their immediate staff and the following

¹ See Letter from William Wilson to FOIA Officer (Dec. 7, 2010) (Request).

² 5 U.S.C. § 552(a)(4)(A)(iii); see also 47 C.F.R. § 0.470(e) (criteria for granting a fee waiver).

³ See *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987) (MESS) (requiring an explanation with "reasonable specificity how disclosure will contribute to public understanding"), citing *National Treasury Employees Union v. Griffin*, 811 F.2d 644, 647 (D.C. Cir. 1987) (burden is on the requester to identify and demonstrate with "reasonable specificity" the public interest to be served).

⁴ See 47 C.F.R. § 0.470(e)(2) (factors relevant to statutory standard).

[nine] individuals.”⁵ The individuals are: 1. Alan Davidson, 2. Frannie Wellings, 3. Harry Wingo, 4. Jennifer Taylor, 5. Johanna Shelton, 6. Pablo Chavez, 7. Richard Whitt, 8. Seth Webb, and 9. Will DeVries.

ALG’s contends that the fees charged for processing this request should be waived or reduced, because the information sought will be used to “better the public’s understanding of how the FCC is spending the taxpayers’ money.”⁶ ALG further states that it regularly publishes information on the activities, structure, and operations of the government through its publications and website and that the information will be disseminated widely to parties interested in the workings of the government. According to ALG, the information will therefore primarily benefit the public and not ALG.⁷

ALG provides no information as to the affiliations of these individuals, the subject matter of the communications sought, or why these communications have any particular significance that would contribute significantly to public understanding of the operations of activities of the government.⁸ Individuals routinely communicate with the Commission on a wide variety of issues for a wide variety of reasons. Much of this dialog is reflected in the public record associated with the various proceedings pending before the Commission.⁹ ALG attributes no specific significance to communications by these individuals and apparently assumes that any communication between the Commission and an outside party might potentially contribute to public understanding of the operations or activities of the government. Such broad speculation is insufficient to support a request for fee waiver.¹⁰

The Office of General Counsel has been assigned to process your request and will be in touch concerning fees for processing the request if ALG decides to proceed without a fee waiver.¹¹ Pursuant to the Commission’s rules, the period for responding to ALG’s FOIA request is tolled pending the resolution of the fee waiver issue and the clarification or any other fee issues.¹²
