Ultra High Resolution Stereo Loudspeaker System

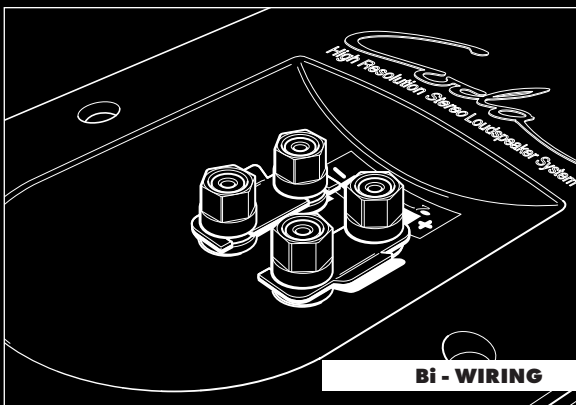

NEW MORE RIGID CABINET

NEW BASS UNIT

NEW CROSSOVER

Bi - WIRING

As the world's press has recognised, the KEF Coda 7 redefined the standard for entry-level hi-fi speakers.

With the new SE version, KEF has once again raised the stakes in the competitive budget speaker category. By including rigid cabinet bracing, coloration is significantly reduced, particularly at high listening levels. A new bass driver is included for even deeper, tighter bass.

The crossover has better quality 'audiophile' components and bi-wiring has been included for the first time in the Coda range.

Coda 7SE - the new small speaker with an even more serious sound.

SPECIFICATIONS	CODA 7 SE
Description	two way bookshelf/ stand mount
Drive Units	HF: 25mm (1") soft dome tweeter LF: 130mm (5¼") coated paper cone
Effective Frequency Range +/- 3 dB	48 Hz - 20 kHz
-6dB point	42 Hz
Maximum output spl on programme peaks	109dB
Crossover frequency	3.5kHz
Characteristic Sensitivity Level	91 dB at 1m on reference axis for an input of 2.83V rms
Amplifier Requirements	10 - 70 W
Nominal Impedance	6 Ohm
Enclosure Type	Port reflex
Internal Volume	8.5 litres (0.3 cu ft)
Net Weight	3.3 kg (7.3 lbs)
Dimensions mm (h x w x d) in	300 x 180 x 235 11.8 x 7.1 x 9.3
