

## Vac 'N' Blo™ Automotive

Vacuumping your car is a breeze with Vac 'N Blo.

This twin fan 4 peak horsepower vacuum is the most powerful car vacuum ever tested. It has an amazing 95" of water lift (the standard measure for a vacuum's efficiency). Compact, powerful, portable, it's heavy-duty lightweight all-steel body is only 17" long and 7" in diameter which makes it easy to handle. Use it off road, too, as a vacuum for cleaning around the house or yard, or as a blower to inflate rafts, air mattresses or blow away leaves. On road or off, Vac 'N Blo offers the versatility you need. It comes fully equipped with a wide range of attachments, so whether the job calls for power or precision, you'll have the right tool at hand. A 6' flexible hose plus two 20" extensions reach even the furthest corners. Other attachments include: an upholstery tool, dust brush, crevice tool, blower nozzle, air mattress inflator, shoulder strap plus 4 "detailing" attachments to get into tiny spaces.
