CONTENTS
Power Supply

Warnings

Do not touch the power plug with wet hands.

- Doing so may result in electric shock.
Do not use a damaged power cord or plug or a loose outlet.

- Doing so may result in fire or electric shock.

Do not plug several devices into the same outlet.

- Doing so may cause the outlet to overheat and start a fire.
Insert the power plug fully into the outlet.

- A loose or improperly inserted power plug may result in fire.

Do not bend the power cord excessively or place heavy objects on it.

- Doing so may result in fire or electric shock.
Be sure to ground the unit.

- Failing to do may lead to electric shock when a short circuit overload occurs. If necessary, install a ground fault circuit breaker. Never ground to a telephone line, lightning rod, or metal gas pipe. (doing so may result in fire, elect rick shock or other hazards.)
Cautions

When disconnecting the power cord from an AC outlet, always grasp it by the plug.

- Pulling on the cord can damage the internal wire and may result in fire.
Always unplug the unit before cleaning.

- Not doing so may result in fire or electric shock.
The purpose of these precautions is to ensure user safety and prevent property damage.
Be sure to read and observe all safety precautions.

Installation

Warnings

Do not place containers with liquids such as flower vases, soft drink cans, or medicine bottles or small metallic objects on top of the unit.

- If liquid enters the unit or any metal object fall into the unit, it may result in short-circuit, fire, or electric shock.

Do not place the unit where it is exposed to rain, excessive moisture or grease.

- Doing so may result in fire, electric shock, malfunction or deformation.

Do not use or store flamm albe or combustible materials near the unit.

- Doing so may result in fire or explosion.

Do not place the unit on an unstable surface, such as a wobbly stand or sloped table, or on any surface whose area is smaller than the bottom area of the unit.

- If a child climbs on the unit, it could topple and fall onto the child, resulting in serious injury to the child or damage to the unit. Place the unit on a flat stable surface.

Do not place a burning candle burning anti-mosquito incense, or lighted cigarette on top of the unit. do not place the unit near any heat source such as a fireplace or space heater.
- Doing so poses a serious risk of fire.

Do not place the unit in a poorly ventilated enclosure, such as a cabinet.

- Doing so poses a serious risk of fire.

Do not run power cords near heat producing appliances such as radiators, stoves, or irons.

- The excessive heat could melt the insulation and expose live wires, resulting in fire or electric shock
Do the antenna away from high voltage power lines and communication cables and make sure it is installed securely.

- If the antenna touches a power line, contact with the antenna could result in fire, electric shock, serious injury, or death.
Cautions

Install the unit at an adeq uate distance from the wall to ensure sufficient ventilation.

- It the temperature inside the unit rises, it may result in fire
Do not cover the unit with a tablecloth, curtain, or other material.

- If the temperature inside the unit rises, it may result in fire.
Be sure to place the unit on a level surface.

⚠ Warnings

Form a drip loop where the coaxial antenna cable enters your building to prevent rainwater from travelling along the cable and coming in contact with the antenna input terminal.

- If rainwater finds its way inside the unit, it may result in fire or electric shock.
- The following precautions are divided into "Warnings" and "Cautions".

⚠ Warning: Ignoring this precaution may result in death or serious injury.

⚠ Caution: Ignoring this precaution may result in injury or property damage.

Use and Maintenance

Warnings

Disconnect the power cord from the wall outlet during an electrical storm.

- Not doing so may result in fire or electric shock.
Do not insert any metal objects, such as a screwdriver paper clip, or bent wire into the ventilation openings or A/V terminals.

- Doing so poses a serious risk of fire or electric shock.
Do not allow children to climb or hang on the unit.

- The unit could topple over on to a child and result in serious injury.

Never disassemble or modify the unit in anyway. Do not attempt to service the unit yourself.

- Doing so may result in fire or electric shock. If the unit requires repair, contact the service centre.
Cautions

When not using the unit for long periods of time, discon-nect the power cord from the wall outlet.
- Dust could accumulate over time on the unit and cause it to generate heat and ignite or deteriorate insulation, which in turn may result in an electrical fire.
When moving the unit be sure to turn off the unit and unplug the power cord from the wall outlet.

- Moving the unit with the power cord connected to the outlet may cause damage to the cord,resulting in fire or electric shock.

If you notice any unusual odours or smoke around the unit, immediately disconnect the unit from the outlet and contact the service centre.

- Failure to do so may result in fire or electric shock.
⚠ Warnings

When removing the batteries from the remote control, make sure children do not swallow them. Keep the batteries out of the reach of infants and children.
- If a child has swallowed a battery, seek medical atten-tion immediately.

Always use two or more people to lift or move the unit.

- If the unit is dropped, it could be damaged or other wise cause injury.
Wipe off any moisture, dirt, or dust on the power plug pins with a clean dry cloth.

- Failure to do so may result in fire or electric shock.
It is advisable to clean the interior of the unit at least once a year. Contact the store of purchase or service centre for information.
- Continuing to use the unit without cleaning off the dust build-up inside it may result in fire or electric shock.
Always turn off the unit and unplug the power cord when cleaning the unit. Use a soft dry cloth to clean the unit.

- Never clean with industrial strength polish, wax, benzene, paint thinner, air freshener, lubricant, detergent, or other such chemicals. Also, do not clean with a damp cloth.
Important Safety Instructions

Warnings and Precautions

To prevent any injuries, the following safety precautions should be observed in the installation, use, servicing and maintenance of this equipment.
Before operating this equipment, please read this manual completely, and keep it near by for future reference.
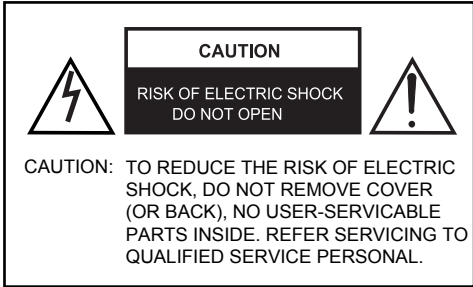

1) Read these instructions.

2) Keep these instructions.

3) Heed all warnings.

4) Follow all instructions.

5) Do not use this apparatus near water.

6) Clean only with a dry cloth.

7) Do not block any of the ventilation openings. Install in accordance with the manufacturer's instructions.

8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

9) Do not defeat the safety purpose of the polarized or grounding type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

11) Only use the attachments / accessories specified by the manufacturer.

12) Use only with a cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus

combination to avoid injury from tip over

Important Safety Instructions

13) Unplug this apparatus during lightning storms or when unused for long periods of time.

14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

• Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus

CAUTION

RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK), NO USER-SERVICABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONAL.

The lightning flash with an arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to con·stitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is, intended to alert the user to the presence of Important operating and maintenance (servicing)instructions in the literature accompanying the appliance.

5B-En

Apparatus with Class 1 construction shall be connected to a Mains socket outlet with a protective earthing connection.

WARNING

TO PREVENT DAMAGE WHICH MAY RESULT IN FIRE OR ELECTRIC SHOCK HAZARD, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.

Caution:

- These servicing instructions are for use by qualified service personnel only.
  To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Precautions

Avoiding Remote Control Problems

1. Check the polarity (+, -) of the batteries in the remote control.
2. Check that the batteries have power.
3. Check that the LCD TV is powered and that it is properly plugged in.
4. Check if any three-wavelength lamp, special fluorescent or neon sign is turned on near the LCD TV.

Inserting Batteries in the Remote Control

1. Open the cover completely.

2. Insert the two supplied batteries (AA, 1.5V). Ensure that the polarities (+ and -) of the batteries are aligned correctly.

3. Slide back the cover.

Insert the batteries while observing the correct (+) and (-) polarities as illustrated

Step 1   Step 2   Step 3
⚠ CAUTION : Risk of explosion if battery is replaced by an incorrect type.
Dispose of used batteries according to the national code (Recycling program).

How to use remote control

• The remote control should be operated within 30 feet (7m) and 30^0 to the left and the right of the IR receiver at the front of the LCD TV.

• Used batteries should be disposed properly.

VCR Connections

● Connecting to the Composite terminal

• Connection terminals of other equipment differ by manufacture and model.

< VIDEO >
Composite Cable

•Connect LCD TV's Composite In terminal to the VCR's Composite Out terminal using the Composite Cable.
 (Make sure the colour of the terminals and the colour of the cables are the same)

● Connecting to the S-Video terminal
< VIDEO >

S-Video Cable

•Use the S-Video cable for higher picture quality.

Watching Video Tape

1. Turn on the LCD TV and press ⏻ on the remote control.

2. Use ▲ ▼ to move to "AV 1 or 2", press OK button to confirm.

•If S-Video has been connected, select "S-Video".

3. Turn on the VCR, insert the tape and press play button.

Satellite/ Cable TV Set-Top Box Connections

● Connecting to the Composite terminal

• In order to watch Cable TV, Subscribe to your local Cable TV company and install a separate receiver (Set-Top-Box).
• Connection terminals of other equipment differ by manufacture and model.

< Cable broadcasting receiver >
Composite Cable

• Connect LCD TV's Composite In terminal to the cable broadcasting receiver Composite Out terminal using the Composite cable. (Make sure the colour of the terminals and the colour of the cables are the same)

Disc Care

Disc Care
About Disc Terms
Title
Generally, pictures or music compressed on a DVD are divided into several sections, "title".
Chapter
The smaller section unit of picture or music in a DVD under the title, usually one title is comprised of one or more chapters and each of them is numbered for easy searching, but some discs may not have a recording chapter.
Track
A segment of picture or music on a CD, Each track is numbered for searching.

Care of Disc
Video disc contains high-density compressed data that needs proper handling.
1. Hold the disc with fingers by outer edge and/or the centre spindle hole. Do not touch the discs surface.
2. Do not bend or press the disc.

3. Do not expose the disc to direct sunlight or heating sources, Store discs in cabinet vertically, and in dry condition.

Prevent exposure to:
Direct sunlight
Heat or exhaust from a heating device
Extreme humidity
Clean the disc surface with a soft, dry cleaning cloth, Wipe the disc surface gently and radically from centre toward the outer edge.
Do not apply thinner, alcohol, chemical solvent, or sprays when cleaning. Such cleaning fluids will permanently damage the disc surface.

Trouble shooting

- Do not use other functions that are not mentioned in this user's manual.
- In case a problem occurs with your LCD TV, please take the following steps first.
- If you still have the problem, turn the power off and contact your dealer or an authorized service centre.

Problem	Action
The screen does not appear.	Is the power plug pulled out? Insert the power plug. Press the power button of the remote control.
The screen appears too slowly after the power is turned on.	This problem occurs for a brief time in the process of image elimination processing in order to hide temporary screen noise that occurs when the power is turned on. But if the screen does not come after 1 minute contact your dealer or an authorized service centre.
Screen is too bright or too dark	Perform brightness adjustment or Contrast adjustment.
Screen is too large or too small	Adjust the screen size.
Stripes appear on the screen and it shakes.	Stop using wireless telephones, hair driers and electric drills.
The screen does not move	Press the PAUSE button. Check if the Pause button is pressed on external equipment.
Screen appears, Voice is not heard	1. Press the "MUTE" button. 2. Increase the sound level by pressing volume adjustment button. 3. Check if sound terminal of external input is connected properly. 4. Check if audio cables are connected properly. 5. Select and check the other input. If the sound still does not work and the other channels are the same after you have done as the above, contact your dealer or an authorized service centre.
Remote control does not work	1. Check if main power is On. 2. Check that the batteries of the remote controller were loaded properly. 3. Check to see if any obstacle exists between the LCD TV and the remote control, then remove it, if any. 4. If the batteries have no power, replace them with two new batteries.

- This LCD TV is for household use and registered as harmless on electromagnetic waves.
- Therefore, you can use it in every location as well as residential areas.
