iHome® Live Life Loud™

A Global Leader

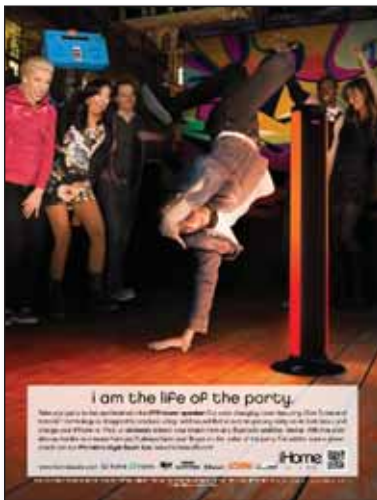

Founded in 1956, SDI Technologies is a leading supplier of innovative high quality consumer electronics products.

In 2005, we launched our iHome division to market iPod electronics. In just one year, iHome became the #1 brand in the iPod speaker market and our iPod/iPhone/iPad Clock Radio remains the #1 selling docking speaker system in North America for 7 years running.

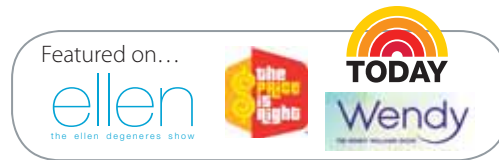

As a result of iHome's award-winning products and our far-reaching global marketing campaigns, our products are sold through virtually every distribution network in over 70 countries. iHome has achieved a worldwide presence and continues to win rave reviews from consumers around the world.
