

RDS Tuner & CD/MP3/WMA Player

CD 5626 X

Product Information

- 4 x 45 Watts max. Power
- 4 Channel Preamp Out
- Changer Control
- Programmable Steering Wheel Remote Control Interface
- Auxiliary Input
- Detachable Front
- Switchable Illumination Color
- External Display Interface (EDI)

CD Audio/MP3/WMA Player

The enhanced CD player is compatible with regular shaped 12cm disks in CD Audio, CD-R, CD-RW format as well as Multisession CD, the CD player is also capable of playing CDs containing MP3 and WMA files. If available, the ID3 tags for directory, artist, album and title can be displayed. Copy protected CDs which do not comply with international audio CD standards (Red Book) may not be supported.

Programmable Steering Wheel Remote Control Interface

This programmable interface allows the operation of the head unit via the OEM steering wheel remote control of the car.

4-Channel Preamp Out

The 4-Channel Line Out multiplies the sound power combinations and pre-amplifier connections. In order to optimize the signal to its maximum to reduce the noise ratio and to increase the dynamic, outputs are supplied at 2V.

Changer Control

A stereo preamp input connection for VDO Dayton MP3 CD Changers, the iPod® interface and the USB interface is featured to enjoy even more music when driving long distances.

Speed Dependant Volume Control (SDVC)

This intelligent volume control automatically adjusts the volume of the head unit depending on your speed.

Auxiliary Input

The Aux In delivers the possibility for a convenient connection of further sources to the head unit.

Detachable Front

For a maximum of theft protection, the complete front of this car radio is detachable, so you may take it with you when leaving the car.

Switchable Illumination Color

In order to achieve an optimized integration in various dashboards, you are able to switch illumination color of the head unit: Orange/Green/Dual.

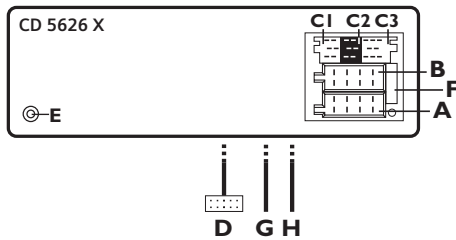

External Display Interface (EDI)

The EDI enables the connection of the standard OEM display (original equipment from car manufacturer) in the cockpit when installing a VDO Dayton head unit so the information from the car radio can be displayed.

RDS Tuner & CD/MP3/WMA Player

CD 5626 X
